CITY COMMISSION MEETING UPDATE

With growing concern and restrictions due to COVID-19, we've made changes to the way citizens can view and participate in our City Commission meetings. While our meetings have streamed live on YouTube for the past several years, we have now added the option to view and comment live using Zoom. Our Commission meeting will remain open to the public; however, the total attendance will be restricted to 10 people. Please view more information below regarding each option.
