SUPERVISORY CONTROLS

The Lieutenant or Captain assigns work in terms of very general instructions. The supervisor spot-checks completed work for compliance with procedures and the nature and propriety of the final results.

GUIDELINES

Guidelines include city and department policies and procedures, life safety codes, and National Fire Protection Association standards. These guidelines require judgment, selection and interpretation in application.

COMPLEXITY/SCOPE OF WORK

- The work consists of varied administrative and emergency response duties. The need to respond to life-threatening emergencies contributes to the complexity of the position.
- The purpose of this position is to participate in fire suppression and other emergency response activities. Success in this position contributes to the safety of city residents and visitors.

CONTACTS

- Contacts are typically with co-workers, other city employees, emergency medical personnel, representatives of other public safety agencies, and members of the general public.
- Contacts are typically to provide services, to give or exchange information, to resolve problems, or to motivate or influence persons.

PHYSICAL DEMANDS/ WORK ENVIRONMENT

- The work is typically performed while sitting at a desk or table or while intermittently sitting, standing, walking, bending, crouching or stooping, The employee frequently lifts light and heavy objects, climbs ladders, distinguishes between shades of color, and utilizes the sense of smell.
- The work is typically performed in a firehouse, and outdoors, frequently in cold, hot or inclement weather. The employee may be exposed to noise, dust, dirt, grease, machinery with moving parts, contagious or infectious diseases, or irritating chemicals. Work requires the use of protective devices such as masks, goggles, and gloves and of specialized fire equipment.

SUPERVISORY AND MANAGEMENT RESPONSIBILITY

None.

MINIMUM QUALIFICATIONS

- High School diploma or GED
- Experience sufficient to thoroughly understand the work of firefighting and to be able to answer questions and resolve problems.
- Possession of a valid driver's license issued by the State of Georgia for the type of vehicle or equipment operated.
- Ability to meet current requirements set forth by the National Fire Protection Association and the Georgia Firefighter Standards and Training Act.
