Permitted Approved Hauler: Estimated Loads:

All Solid Waste Debris Must Be Disposed Of At The Shoal Creek Landfill. Initial:

Value Of Construction:\$

As the owner of record, or the duly authorized agent of the owner of record, I hereby apply for permit to erect/alter and use the structure(s) as described herein and/or shown on accompanying drawings and specifications. I agree to construct same according to the laws and ordinances of the City of Griffin. If construction lapses for a period of 6 months, the bldg. permit shall expire and must be renewed for construction to commence. Any job started before first obtaining a permit will result in a double fee. Issuance of this permit does not release the owner/applicant from compliance with any and all of City of Griffin Ordinances and Regulations.

The signing of this permit application will be cause for a review of the County's value for the property identified herein. Reasonable notice is hereby provided that an onsite inspection by a member of the county appraisal staff may be required. Said property visit will be for the purpose of determining the corrections of the information contained in the county's appraisal record for the property.

Permit Holder Affidavit
For Projects Involving Demolition, Wrecking, or Renovation

The undersigned hereby acknowledges that the issuance of this permit does not in any way grant permission to the owner, owner's representative or permit holder to proceed with demolition, wrecking or renovation prior to the filing of the ten day "Project Notification for Asbestos Renovation, Encapsulation or Demolition" required by Georgia Law and administered by the Georgia Environmental Protection Division. In most cases, Georgia law requires both the owner and demolition contractor to assure the building is thoroughly inspected by an Accredited Asbestos Inspector for materials that contain asbestos and requires notification even if no asbestos is present in the building. Other environmental issues such as asbestos removal, lead abatement, ground containment, etc.; may have EPD regulations that could affect your project.
