To Begin Work in the City 4/23/18

Visit cityofgriffin.com for more details

Griffin Power will be starting a comprehensive inventory and GIS mapping of its overhead and underground distribution infrastructure starting the week of April 23rd, 2018. Davey Resource Group (DRG) will be in Griffin doing this project for Griffin Power over the next several months. They will all have clearly marked DRG vehicles with the signs "Contractor for Griffin Power" affixed as well. Each DRG employee will have their company identification with them as well.
