# 2022 ANNUAL REPORT

## Mission Statement

**“In partnership with our community, the mission of the Griffin Police Department is to protect and enhance the quality of life by providing a high level of service in an efficient and responsive manner for all the citizens”**

The primary purpose (mission) of the Griffin Police Department is to maintain social order within prescribed ethical and constitutional limits, while providing professional law enforcement services. To attain this, the Griffin Police Department enforces the law in a fair and impartial manner, recognizing both the statutory and judicial limitations of police authority and the constitutional rights of all persons

The agency recognizes that no law enforcement agency can operate at its maximum potential without supportive input from the citizens it serves. This agency actively solicits and encourages the cooperation of all citizens to reduce and limit the opportunities for crime and to facilitate the maximum use of resources.

As members of the City of Griffin Police Department, we are all charged with the responsibility of serving and protecting the citizens and transients within our city limits.

The agency vigorously responds to calls for law enforcement services, enforces all State and Local laws and ordinances, protects life and property, investigates matters of a criminal nature, preserves the peace, and strives to prevent crime disorder. We are guided by the ordinances enacted by the City of Griffin, the laws of the State of Georgia, and the Constitution of the United States of America.

We must strive to set a standard of excellence for others to follow, both individually and collectively. In keeping with this goal, we have adopted the concise mission statement that reflects the fundamental principles of our agency. We feel this should be the cornerstone of each and every member of our agency's policing philosophy.

## Message from the Chief

Dear Citizens,

The Griffin Police Department is proud to release our 2022 Annual Report. I hope that you find the information contained the report both informative and useful.

The Annual Report reviews the activities, programs and services the department provides to both our citizens and visitors to our community. The men and women of the Griffin Police Department strive to provide the best possible law enforcement services to our community. The officers and staff are some of the best trained law enforcement professionals in the State of Georgia.

The Griffin Police Department continues to work diligently to reduce Part 1 Crimes. Part 1 crimes are those crimes identified by the Federal Bureau of Investigation as our most serious crimes; Crimes Against Persons (Murder, Forcible Rape, Robbery, Aggravated Assault) and Crimes Against Property (Burglary, Larceny, Motor Vehicle Theft, Arson). As you review the department's crime statistics, you will note that in 2022, the City of Griffin experienced a reduction in Part 1 crimes (compared to 2021). Additionally, the department clearance rates exceed the national clearance rates for Part 1 crimes.

The Griffin Police Department participates in several community events each year. The Citizen's Police Academy, National Night Out, Citizen's Government Academy, CSI Kids Academy, Shop with a Cop and the "Buddy Bench" program are just a few of the programs the department participated in 2022. Our Griffin G.R.O.W. anti-gang program has been designed and acquired federal funding for support with implementation expected in early 2023.

Please take the time to review all of the information in our Annual Report, I believe that you will be proud of the work that your police department does for our community. I hope this report is meaningful for our citizens and leaders and I look forward to seeing what great things we as a community can do in the future to improve our quality of life.

Thank You for being our Partner in Our Mission to make Griffin a Great Place to Work, Live and Play!

God Bless,

Chief Michael Yates

## Executive Summary

The Griffin Police Department (GPD) continued to strive for excellence in community service once again in 2022. This report is a summation of the department's progress and changes, along with the City's crime data. Crime activity is broken down into part 1 and 2 crime categories as defined by the Federal Bureau of Investigation (FBI), and then by types of crimes falling under each category.

As mentioned earlier, there are 10 violent crimes against persons, which consists of **Murder/Homicide, Rape, Robbery, and Aggravated Assault**; and 2 Crimes against property, which consists of: **Burglary, Larceny/Theft, Motor Vehicle Theft** and **Arson**. There are 24 offenses that fall into the category that the FBI defines as Part 2 Crimes, which include; Other Assaults, Forgery, Fraud, and Drug Offenses (to name a few). In 2022 we saw about a 13.91% decrease in Part I Crimes overall. The only Part I crime reflecting an increase was in homicides.

In 2022, the department saw a .86% reduction in Calls for Service compared to 2021, from 45,655 to 45,254. Traffic Crashes decreased by 9.86% compared to 2021, from 1693 to 1526 (total combined roadway and private property). There were 5 fatality accidents reported (1 more than 2021). Traffic Citations saw a 84.4% increase compared to 2021 from 8699 to 12,310. Additionally, arrests increased in 2022 by 6.4% compared to 2021, from 2361 to 2,513.

There have been several changes and updates throughout the department in 2022 as well. This report presents this information by division and unit, along with each division and unit's progress for the year. Our staffing level has been on an upward track but did not reach a full complement of personnel in 2022. Recruiting and retention remain a challenge for us (along with the majority of agencies across the nation). Our efforts with our Federal partners have increased as we have joined a Task Force with the Secret Service and have maintained our presence on the DEA Atlanta Task Force and a partnership with AFT is in progress as well. We continue to strive toward improvements in service to our constituents with crime reduction remaining at the forefront of our efforts.

Michael Yates  
Chief of Police

## What's New- 2022

In 2021 we added 20 plus new employees as mentioned earlier in the report but we also added a new Headquarters facility. The old facility, located at 868 W. Poplar Street was a decommissioned elementary school, built in the 50's, that was repurposed and used as the police facility for more than 20 years.

In 2021 the City of Griffin acquired the new facility located at 234 N. Hill St. for roughly \$750,000. During 2021 this building was retro-fitted and modified to create a state-of-the art facility. This building includes a forensic lab, a one-way evidence locker system and numerous other upgrades. We applaud the City leadership for the acquisition of this property which essentially saved the City more than six million dollars as it would have cost at least that much to build a new facility from scratch.

In February, 2022, the police department completed its move to this new facility that will serve the citizenry for years to come.

Below is an analysis of the crime reports in Griffin, Georgia. The data in this report are a comparison from 2021 and 2022. The data includes only Part I crimes.

**2022 Part 1 Incident Reports**

There was a total of 1,040 Part 1 incidents in 2022. The most common offense type was larceny with 661. Aggravated Assaults and burglaries are the second and third most common offenses.

## What are Heat Maps?

Heat maps are geographical representation of data that utilizes color-coded systems. This gives you a better visualization of the volume of locations/incidents within a dataset and will assist in directing viewers of this site towards areas on data visualizations that matter the most.

## “HOT SPOTS” (Points)

Are areas where certain offenses get a lot of action and to where they do not. Below are Heat Maps and Hot Spots showing statistical data on locations of Part 1 Offenses within the City limits of Griffin for the year 2022. (Rapes are not mapped for victim privacy.)

### GROUP A CRIMES HEAT MAP

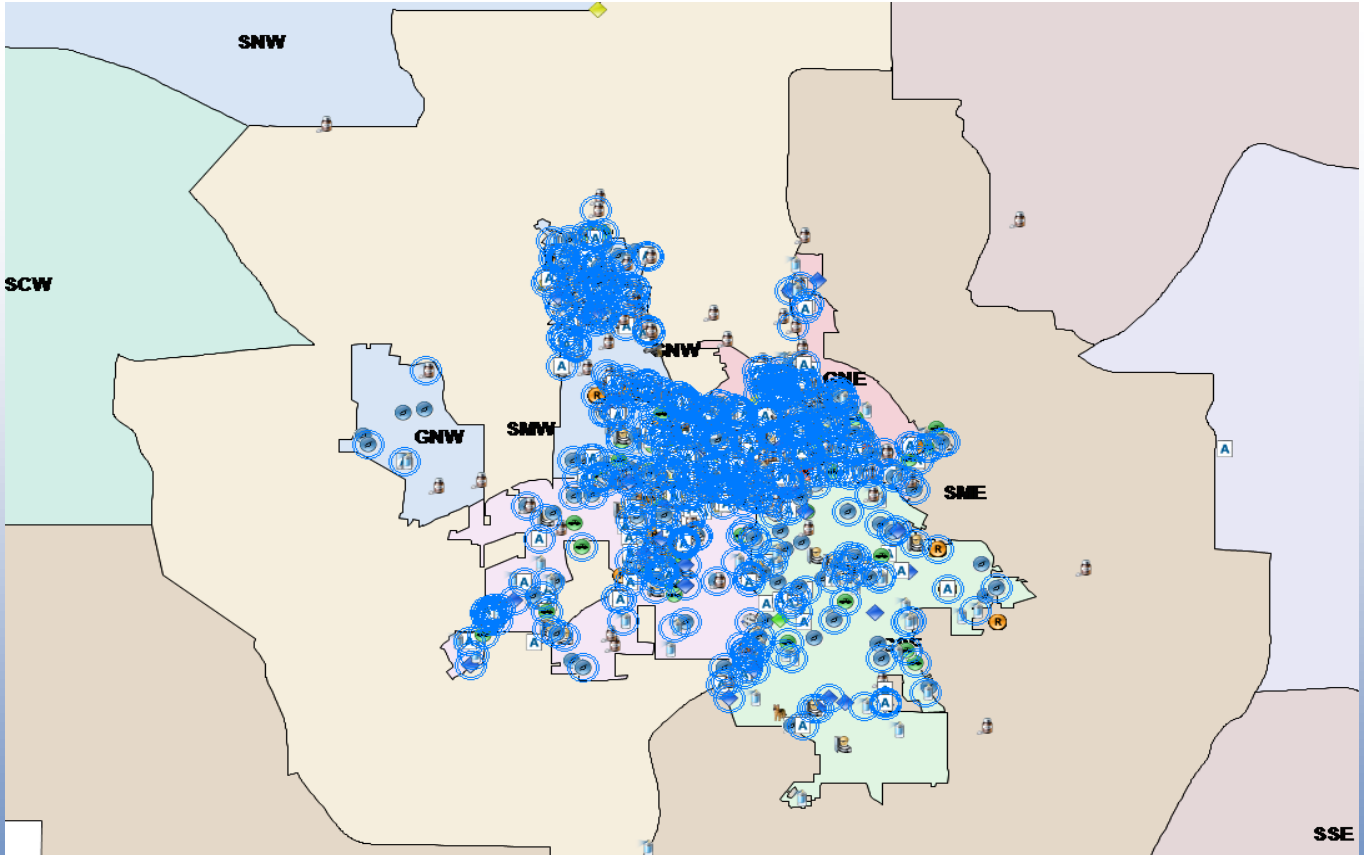

*\*Some statistical variation occurs depending on when reports are run and due to various factors, such as a case being unfounded or discovering that it occurred in another jurisdiction but this is generally a margin of error of 2% or less.*

## **UCR Reporting Classification/Incident Clearance Status**

Georgia's Uniform Crime Reporting (**UCR**) is derived from the Federal Bureau of Investigation National Program. Utilizing standard definitions and procedures established by the national program, crime data on the number of serious criminal offenses reported to or investigated by law enforcement and the number of arrests for all crimes are collected from law enforcement agencies.

The data can be used to portray crimes in Georgia as well as used in comparisons throughout the State and United States.

**Arrest:** Agency reports that an offense took place and is cleared by arrest charging the offender for the commission of the offense.

**Ex-Cleared:** Happens when certain situations, elements beyond officers control prevents them from arresting or formally charging the offender.

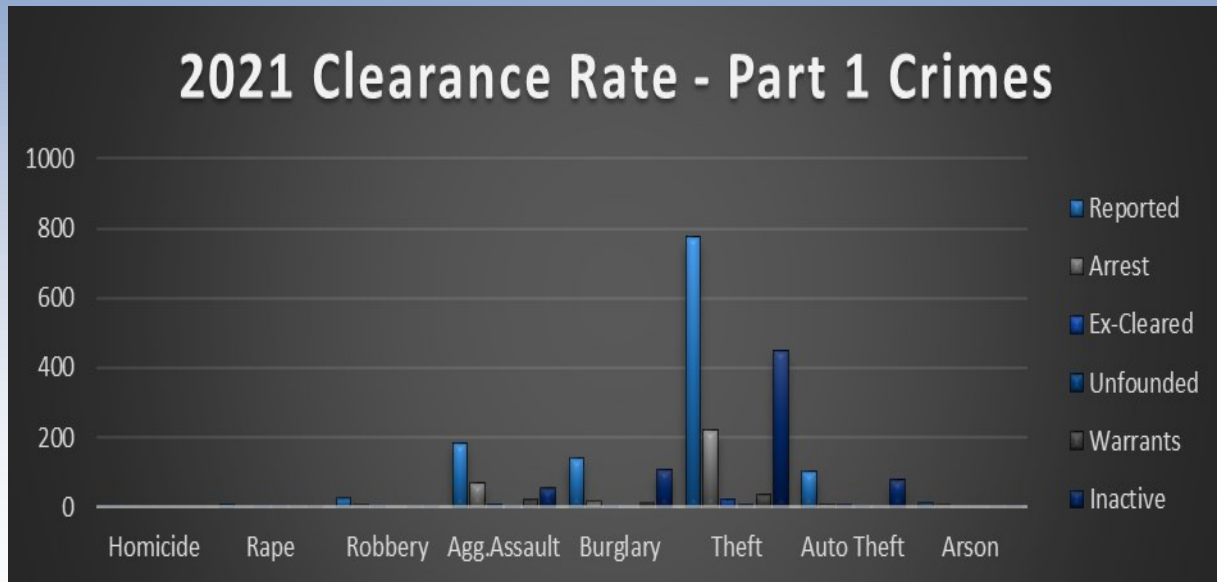

**Inactive:** Cases have been open and investigated and all possible leads have been exhausted

**Active:** Currently assigned for investigation

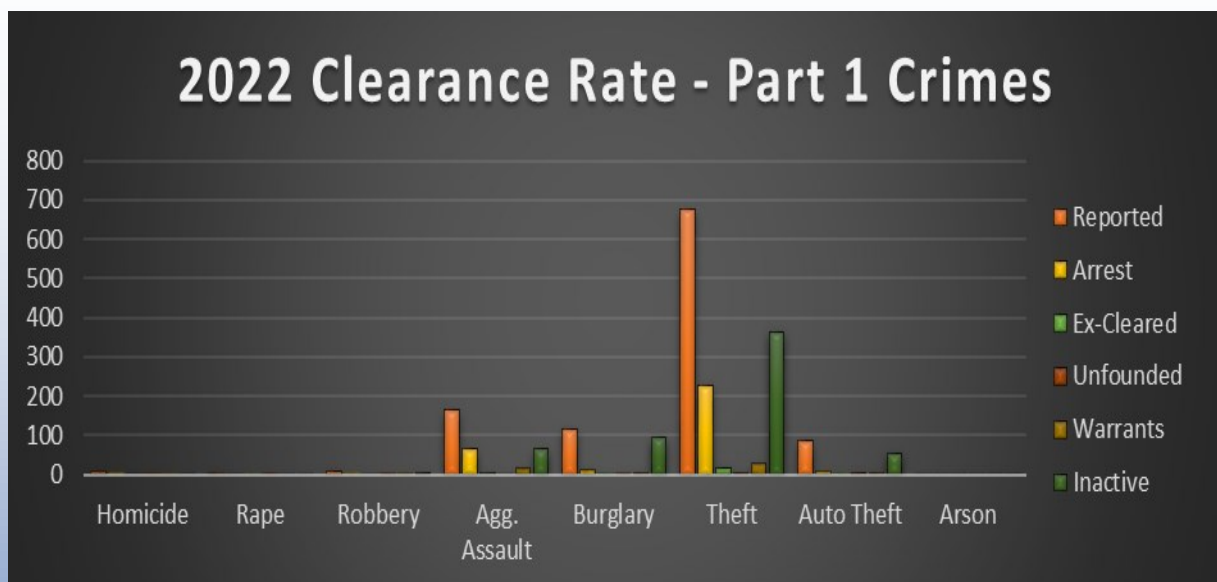

**Unfounded:** When after assigned for investigative purposes it has been found that no incident took place

**Warrants:** Investigation reveals the known offender, warrants taken however not in custody

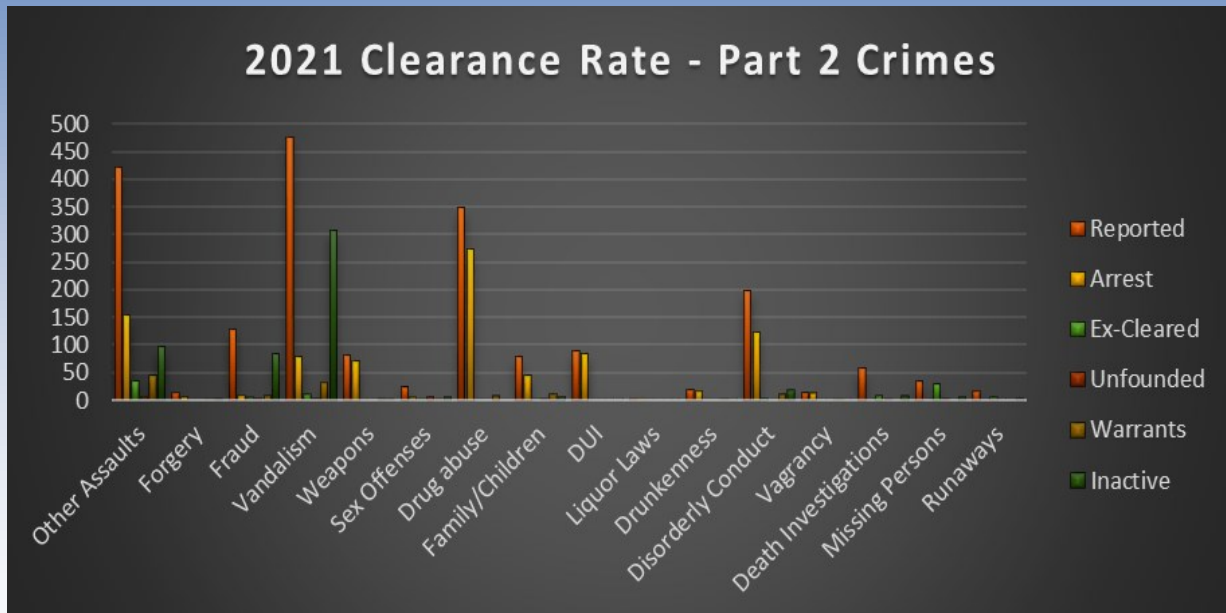

Below is the data reported to UCR for offenses that have occurred in the City of Griffin from the 2021 and 2022 years for comparative purposes.

*\*Some statistical variation occurs depending on when reports are run and due to various factors, such as a case being unfounded or discovering that it occurred in another jurisdiction but this is generally a margin of error of 2% or less*

Note: Part two Crimes are listed in the less serious crime classification.

### Internal Affairs Complaints

The Griffin Police Department has a responsibility to prevent unethical and improper conduct among our employees, and to give them the very best preparation to make sound, appropriate, and respectable decisions.

The agency has a SOP Manual (Standard Operating Procedures) that establishes policies and procedures for which the agency employees must follow. We recognize that despite our best efforts, there will be times when citizens, fellow employees or supervisors perceive an employee's behavior to be inappropriate. When this occurs, IA (Internal Affairs) uses a well-established process for receiving, investigating, and adjudicating complaints.

Complaints concerning employee misconduct are classified in two ways; Internal and External. Internal complaints are generated by Griffin Police Department employees both sworn and civilian. External complaints originate from someone outside of the agency. Most police departments require citizens to follow a more formal process than the Griffin Police Department, which accepts complaints by telephone, in-person, written correspondence or e-mail. While the Internal Affairs would like to communicate effectively with complainants and assist complainants through the process, anonymous complaints are also investigated and accepted.

Complaints may be comingled with Uses of Force, Pursuits and Informal Reviews even when an official complaint is not filed internally or externally as the department recognizes there are cases where we can do better but a policy has not been violated.

This table shows the Internal Investigations or reviews conducted in 2022 in comparison with the previous 24 months:

## Vehicle Pursuits

From time to time, police officers encounter individuals in motor vehicles who refuse to stop when the blue lights and siren are activated. When police continue to keep pace with a vehicle in their attempts to stop its driver, a police pursuit occurs. Vehicle pursuits pose a significant risk to the general public, those in the pursued vehicle and the pursuing officer(s). For this reason, the Griffin Police Department significantly restricts, thoroughly investigates and closely reviews each of these incidents. Officers must have permission from a supervisor to continue a pursuit. The supervisor then closely manages all aspects of the pursuit to include evaluating the risk it creates. Pursuits are restricted to those situations where a suspect has recently committed or will reasonably be expected to commit an offense that puts a life in danger.

Office of Professional Standards maintains documentation of all Vehicle Pursuits. These are reviewed by Supervisors, Internal Affairs, and the Chief of Police.

The following are the statistics for Vehicle Pursuits for 2020 through 2022.

## Use of Force

Police officers are trained to seek voluntary compliance through lawful direction. However, they are sometimes met with circumstances in which a subject's actions compel them to use force in order to gain compliance. The Griffin Police Department's policies and procedures requires officers to report use of force incidents under a broad range of circumstances. Supervisors investigate and document each incident.

The policy and procedures concerning the use of force/deadly force is reviewed annually by the Chief of Police. Additionally, officers are required to train and qualify with their firearm annually and attend a Use of Force training class either through Georgia P.O.S.T, in-house or on-line.

In 2020 President Donald J. Trump signed an Executive Order No. 13929. All law enforcement agencies modified the Use of Force policy to include wording "**Duty to Intervene**". The provision ensured Officers will take appropriate and immediate action in any situation in which they know or should have known their failure to act would result in an excessive response to resistance or egregious behavior which shocks the conscience. The U.S Department of Justice's standards on safe policing for securing credentials certifying compliance with the President's Executive Order will regularly be reviewed for eligibility of discretionary grants based on agency's compliance with the order. Agency's comply with this order through their Standards Operating Policies and Procedures.

## TRAINING

The Officers of the Griffin Police Department are solid in their commitment to themselves, the department and the community in order to effectively enforce the law. The actions of the officers require intelligent, common sense, and diligence all of which are earned through experience and applied training. With training, comes better supervisors through self-improvement, self-motivation and self-confidence.

Officers are required to have the skills and knowledge to effectively deal with the 21st Century policing dealing more with evolving technologies, changing laws, new appreciation for cultural mores and a growing mental health crisis.

The effect of training and education for officers is especially important because it helps officers override natural inclinations, biases, or reservations they encounter while in the performance of their duty.

No law enforcement agency today can function efficiently and effectively unless it includes high standards of education and training in its plans and operations.

Working closely and forming relationships with citizens from varied backgrounds, social economic groups and ethnicities requires a very socially intelligent and cultural aware officer.

## STATE CERTIFIED AND NATIONALLY ACCREDITED AGENCY

The Griffin Police Department is only one of a few agencies in the United States that is both State Certified and Nationally Accredited.

The Commission of Accreditation for law enforcement agencies (CALEA) was created in 1979 as an accrediting authority through the joint efforts of major law enforcement executive associations throughout the country. The purpose of CALEA is to improve the delivery of public safety service by maintaining a comprehensive body of law with approx. 484 standards, establishing and administering an accreditation process, and recognizing professional excellence.

CALEA provides law enforcement agencies with an opportunity to demonstrate compliance with an established set of professional standards on a voluntary basis, and includes an external, objective evaluation of departmental operations.

There are approx. 18,000 state and local law enforcement agencies in the country. Less than 800 agencies participate in the CALEA process. Griffin Police Department has been an accredited agency since 2006 and State Certified agency since 1999.

Participating in the CALEA process acts as a blueprint for better law enforcement institutions that are efficient, well equipped and responsible to the communities that they serve.

CALEA awards are given to agencies who continue the quest for professional excellence every four years. The agency is required to maintain continuous compliance during the award period.

Agencies who are CALEA Accredited, are required to meet 30 standards through the State Certification Program.

## CRIMINAL INVESTIGATION DIVISION

The Criminal Investigation consists of 8 Detectives, 9 Officers assigned to Special Investigations and C.A.G.E, three officers in Crime Scene and one civilian assigned to property and evidence, all specializing in certain areas of crimes. These crimes include homicides, rapes, robberies, aggravated assaults, burglaries, theft, auto thefts, forgery/frauds, juvenile offenses and any other crimes against an individual or property. SIU is also proficient in surveillance, crime analysis and intelligence gathering.

Investigators of the Police Department are tasked with both following up on reports of criminal acts as well as taking proactive measures to prevent crime from occurring.

Detectives are responsible for a variety of case development activity to include locating and recovering stolen property, gathering forensic evidence from crime scenes, processing the forensic evidence, victim/witness interviews, and interrogating criminal suspects. Detectives compile and organize information into a format easily presented to the courts for prosecution.

In matters of juvenile cases, they are investigated to determine if the preliminary assessment of whether to file formal charges and handle non-criminal behavior such as runaway, curfew, as well as truancy.

## C.A.G.E/SPECIAL INVESTIGATION UNIT

The Special Investigations Unit of the Griffin Police Department is made up of the

C.A.G.E and K-9 Units. This combination of the SIU Division is designed to work narcotics, vice, organized crime, gang activity, and other investigations that may require covert techniques. SIU routinely conducts undercover operations that result in search warrants being executed and arrest made.

The Unit will work in cooperation with surrounding agencies on shared suspects that may live in one jurisdiction but commit crimes in the other or both. It is the SIU's mission to efficiently and effectively detect this type of criminal activity and prosecute those arrested to the fullest, resulting in a safer community and higher quality of life for the residents and visitors of Griffin.

Total Hours of training for the SIU/G.A.N.G Unit 2,246.

## *"Final Call"*

**A**n Angel In The Sky Must Leave His Place Of Rest,  
Gently Tucking His Wings Beneath His Armored Vest.  
For Duty Has Called, There Is Much Work To Do  
Little Did He Know, This One Is Dressed In Blue.

**A**rriving On The Scene, He Knows Just What To Say,  
"Follow Me, Fallen Brother, I'll Show You The Way."  
"Your Duty Has Ended, Your Work Is Now Through."  
"Come Hang Your Hat Beside Mine, I'm A Cop, Too."

# IN MEMORY

Sgt. Todd Thomas passed away September 28, 2021 after complications from contracting COVID-19 in the line of duty.

Sgt. Thomas was a United States Air Force Veteran and served with the Griffin Police Department for 22 years. He is survived by his wife, two children and two grandchildren.

*And on the 8<sup>th</sup> day  
God looked down  
On his planned  
Paradise and said  
"I need a protector"*

**So he made a police officer**
