City Manager Kenny L. Smith October 31, 2011

To the Honorable Members of the Board of Commissioners and Citizens of the City of Griffin:

Ladies and Gentlemen:

We are pleased to present the City of Griffin's (the City's) Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2011. The financial statements included in this report conform with accounting principles generally accepted in the United States (U.S. GAAP) and as established by the Governmental Accounting Standards Board (GASB). State law requires that general-purpose local governments publish a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in conformance with generally accepted auditing standards (GAAS) by a firm of licensed certified public accountants.

This report consists of management's representations concerning the finances of the City of Griffin. Consequently, management assumes full responsibility for the completeness and reliability of all of the information contained in this report. To provide a reasonable basis for making these representations, management of the City of Griffin has established a comprehensive internal control framework that is designed to protect the City's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the City of Griffin's financial statements in conformity with GAAP. Because the costs of internal controls should not outweigh the benefits, the City of Griffin's framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this report is reliable and complete in all material respects.

INDEPENDENT AUDIT

The City of Griffin's financial statements have been audited by Mauldin & Jenkins Certified Public Accountants, LLC. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City's financial statements for the fiscal year ended June 30, 2011, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

"The Iris City"

The independent audit of the financial statements of the City is sometimes part of a broader, federal and state mandated "Single Audit" designed to meet the special needs of federal and state grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on the administration of federal and state awards. For fiscal year 2011, the City spent \$2,251,991 of federal funds on the following programs:

Schedule of Expenditures of Federal Awards For the Fiscal Year Ended June 30, 2011

Federal Grant/Pass-through Grantor/Program Title	Expenditures
U.S Department of Housing and Urban Development	
Community HOME Investment Program (CHIP)	\$ 69,300
Community Development Block Grant (CDBG)	34,017
Neighborhood Stabilization Program (NSP)	455,223
U.S. Department of Justice Grants	
Bullet Proof Vest Partnership Program	2,587
U.S. Department of Energy	
Energy Efficiency and Conservation Block Grant (EECBG)	175,517
U.S. Department of Homeland Security	
Disaster Grants - Public Assistance	131,851
Assistance to Firefighters Grant	46,649
U.S. Department of Transportation	
(Passed through Georgia Department of Transportation)	
Highway Planning and Construction Grant – ARRA	1,306,193
U.S. National Endowment for the Humanities	
Promotion of the Humanities	3,000
U.S. Environmental Protection Agency	
(Passed through Georgia Environmental Protection Agency)	
Nonpoint Source Implementation Program	27,654
Total Expenditures of Federal Awards	\$ 2,251,991

In accordance with GAAP, this Comprehensive Annual Report (CAFR) includes a narrative introduction from management, that provides an overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors. The remainder of this letter provides an overview of local economic conditions and some of the City's current and future initiatives.

PROFILE OF THE GOVERNMENT

The City of Griffin, was incorporated in 1843, is located in the central portion of the state and currently occupies a land area of 14.1 square miles and a population of 23,887. The City of Griffin is empowered to levy a property tax on both real and personal properties located within its boundaries. It is also empowered by the State to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the governing Board. The City of Griffin operates under a City Manager/Board of Commissioners form of government. Policy making and legislative authority are vested in the governing council, which consists of seven Commissioners. The governing council is responsible, among other things, for passing ordinances, adopting budgets, appointing committees, and hiring both the City's manager and legal counsel. The City Manager is responsible for carrying out the day to day operations of government and for appointing the heads of the various departments. The Board is elected on a non-partisan basis, and serves staggered terms. Elections are held every two years with three Commissioners on one cycle and four Commissioners the next cycle. The Chairperson is elected by the Board and serves for one year.

The City of Griffin is a "full service" municipality that offers the following services: water, waste water, electricity, and sanitation. The City also provides a full range of other services, including police and fire protection; the construction and maintenance of streets, and other infrastructure; and recreational and cultural activities, including an eighteen hole golf course; and a municipal airport. Each of the service areas function as departments of the City and therefore have been included as an integral part of the City's financial statements.

The annual budget serves as the foundation for the City of Griffin's financial planning and control. All departments of the City of Griffin are required to submit requests for appropriations to the City Manager on or about March 2nd. The City Manager uses these requests as a starting point for developing a proposed budget. The City Manager then presents the proposed budget to the Board of Commissioners for review, prior to May 15. The Board of Commissioners is required to hold public hearings on the proposed budget and to adopt a final budget no later than June 30; (the close of the City's fiscal year). The annual budget is prepared by fund, function, and department; for example: General Fund, Public Safety, Police. Department directors are not allowed to make transfers between appropriated accounts. Neither are appropriations between departments allowed, except by specific action of the Board of Commissioners. Budget to actual comparisons are provided in this report for each individual fund for which an appropriated budget has been adopted. For the general fund, this comparison extends to the department level. Budget to actual comparisons for all governmental and enterprise funds (business-type activities) are presented in the other Required Supplementary Information (RSI) section of the financial statements.

FACTORS AFFECTING FINANCIAL CONDITION

THE CITY OF GRIFFIN'S ECONOMY IN 2011

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment in which the City operates. The City of Griffin is moving into the future with a more diversified economic portfolio from having historically concentrated its efforts into manufacturing. Presently, City of Griffin has identified four economic engines that are prime to lead the city into the future:

1. The West Griffin Educational Corridor, which is the area surrounding the University of Georgia Griffin Campus and Southern Crescent Technical College;

- 2. The Medical Overlay District, encompasses the area surrounding the Spalding Regional Hospital area, with the intent to facilitate redevelopment and revitalization of professional office and medical uses with incentives:
- 3. Historic Downtown Griffin has seen a rebirth and is becoming vibrant again since the adoption of the Livable Centers Initiative (LCI) Study and Downtown Master Plan. Our downtown area now offers a mixture of incentives for businesses looking to locate and operate within the district;
- 4. The City and County have jointly decided to relocate and build a new airport facility consisting of a runway of 5,500 feet adjacent to the 600 acres Lake at Green Valley Industrial/Business Park.

The future synergy of these economic engines are well aligned for attracting new industry to Griffin Spalding County, whereby providing for new job opportunities for our residents. With the growth in these four areas, the City can look forward to a more balanced revenue streams coming from its governmental and business-type activities, as such, the City is not dependent upon a single source of income. Diversified revenues come from two sources of activities: governmental and business-type activities. Governmental activities (or program revenues) include revenues from property taxes, sales taxes, charges for services, fines and forfeitures, and donations. Business-type activities (enterprise) are those functions that the City provides and operates for profit generation geared for reinvestment into infrastructure. Examples of infrastructure investment are electrical supply (power lines), water distribution (underground pipes), solid waste services (environmental cleanup), or a municipal airport.

Local Economy

The City of Griffin prides itself on an historic downtown that combines "old world charm" from an architectural perspective with contemporary amenities and services. The region has a varied manufacturing and industrial base. Major industries with corporate headquarters or divisions located within the City's boundaries or close proximity include medical, manufacturing, automotive parts, materials and packaging, as well as fine dining, retail (with specialty shops), and real estate development. To facilitate these businesses locating within the City of Griffin, the Board of Commissioners has adopted numerous incentive programs such as the Opportunity Zone, Enterprise Zone, Tax Allocation District, and Utility Incentive Program. Each of these programs would provide a business looking to expand or relocate job tax credit, property tax abatement, infrastructure bonding and utility rate reductions. The economic future is bright in Griffin Georgia.

Cash Management Policies and Practices

The City invests idle unrestricted cash into certificates of deposit and other investment vehicles as allowed by law. The City invested restricted cash from Water – Wastewater and Electric funds in obligations of the general government and Local Government Investment Pool. Cemetery Trust Fund cash was held in treasury securities.

Pension and Other Post Employment Retirement Benefits

The City of Griffin has ongoing obligations to complete funding for its employees' pensions and retirees' health care obligations. Nevertheless, the City's overall financial position remains steady, despite various fiscal challenges in providing services to City residents.

The City of Griffin Retirement Plan is affiliated with the Georgia Municipal Employees Benefit System (GMEBS), an agent multiple-employer pension plan administered by the Georgia Municipal Association. The day-to-day management of those assets and activities are handled by internal staff and the Georgia Municipal Employees Benefits System. As a matter of policy, the City fully funds each year's annual required contribution to the pension plan as determined by the actuary.

Post Employment Health Care Plan

The City also provides other post employment health care benefits (OPEB) to retirees on a pay-as-you-go basis. The OPEB plan provides a subsidy for medical and dental insurance benefits to eligible retirees. Benefit provisions and contribution requirements are established and may be amended by the City Commission. For the fiscal year 2011, the City contributed \$856,673 to the plan. Additional information on the City's pension plan and its funding progress can be found under note 16, in the notes to the financial statements.

MAJOR INITIATIVES

During fiscal year 2011, the City of Griffin achieved many significant accomplishments in connection with goals established by the Board of City Commissioners. These broad-based goals are summarized as follows:

- Solid Waste Division received "Most Innovative Recycling Program" in the State of Georgia from the Georgia Recycling Coalition for 2011;
- Received Gold Awards (fourth consecutive year) from Georgia Association of Water Professionals for permit compliance for:
 - o Water Treatment Plants at Still Branch and Harry Simmons,
 - Wastewater Treatment Plants at Cabin Creek, Shoal Creek, and Potato Creek;
- Electric Division completed installation of solar power generation project, and
 - o initiated web based energy audit software, and
 - o established residential e-newsletter with funding through EECBG Grant;
- The City implemented a Utility Incentive Program for new businesses;
- Received CRS-5 Rating in the National Floodplain Insurance Program, First in State of Georgia;
- Received Fats Oils and Grease (F.O.G.) "Excellence Award" from Georgia F.O.G. Alliance
- Constructed 3rd Ward Green Park
- Implemented Leak Detection Program for water distribution division

GFOA CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a certificate of Achievement for Excellence in Financial Reporting to the City of Griffin, Georgia for its comprehensive annual financial report for the fiscal year ended June 30, 2010. This was the 7th consecutive year that the City of Griffin has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

The timely preparation and publication of this Comprehensive Annual Financial Report represents a significant effort of the Accounting and Finance Divisions of the Department of Administrative Services as well as the excellent cooperation and assistance of other City of Griffin employees and independent auditors, Mauldin & Jenkins, Certified Public Accountants, LLC, who contributed to its preparation. In particular we wish to express our appreciation to the Accounting and Finance staff who were responsible for assimilating and compiling the data comprising this report.

We would like to make a special mention of the accounting department and team for the long hours, hard work, and dedication to clearing all outstanding issues and being the instrument of change.

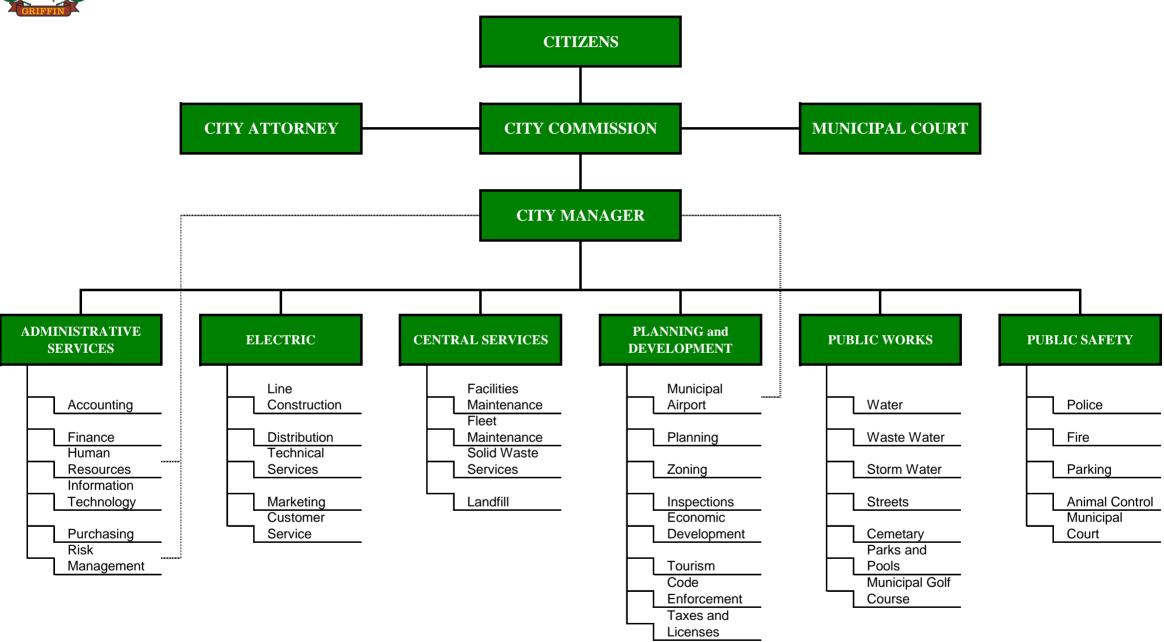

Sincere appreciation is also expressed to the Commissioners, City Manager, and Directors of Departments and Divisions for their assistance and leadership throughout the year in matters pertaining to the financial affairs of this great City.

Respectfully submitted,

Joanne Todd, Chairperson, City of Griffin

Certificate of Achievement for Excellence in Financial Reporting

Presented to

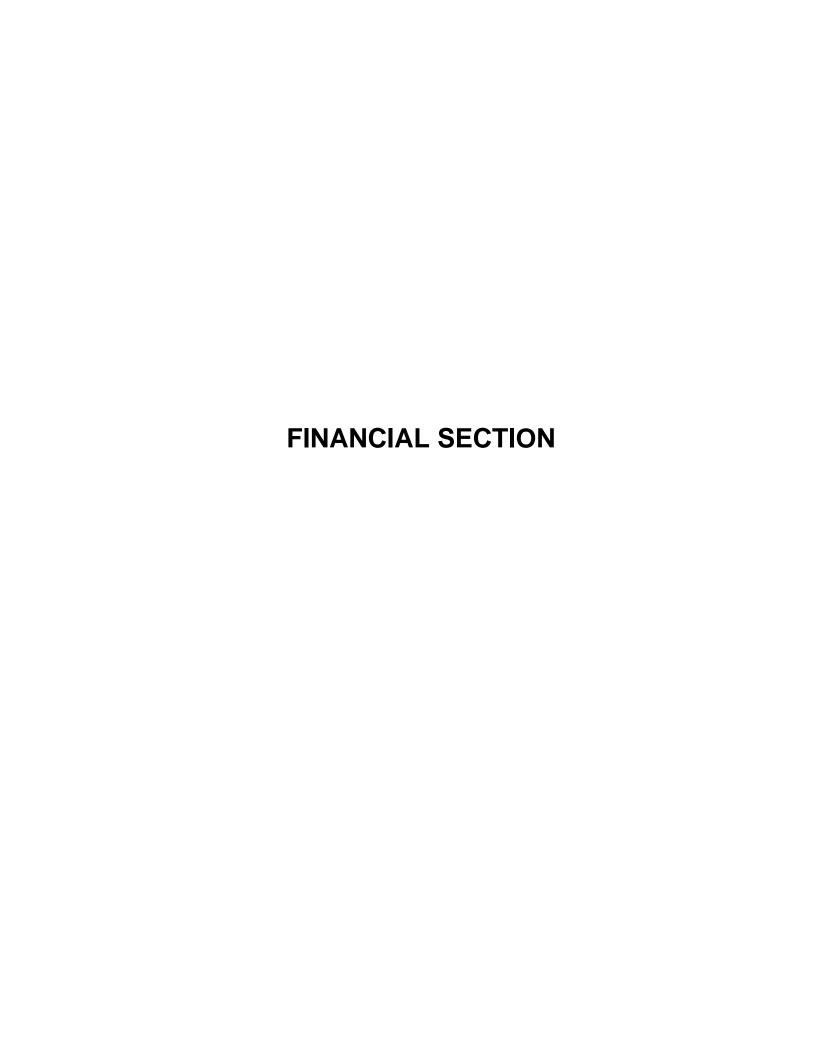

City of Griffin Georgia

For its Comprehensive Annual Financial Report for the Fiscal Year Ended June 30, 2010

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

OF THE AND CANADA CORPORATION SECULIAR SECULIAR

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Commission Griffin, Georgia

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the **City of Griffin, Georgia** (the "City"), as of and for the year ended June 30, 2011, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Griffin, Georgia's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Griffin, Georgia, as of June 30, 2011 and the respective changes in financial position and cash flows, where applicable, thereof and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, as of July 1, 2010.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2011, on our consideration of the City of Griffin, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 3 through 11) and the Schedule of Funding Progress (on page 64) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures to not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Griffin, Georgia's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements of the City of Griffin, Georgia. The accompanying schedule of expenditures of special purpose local option sales tax proceeds is presented for purposes of additional analysis as required by the Official Code of Georgia 48-8-21, and is not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the basic financial statements of the City of Griffin, Georgia. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Mauldin & Jerkins, LLC

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Griffin, Georgia (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City of Griffin, Georgia for the fiscal year ended June 30, 2011. We encourage readers to read the information presented here in conjunction with the additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

FINANCIAL HIGHLIGHTS

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$101,677,315 (net assets). Of this amount, \$33.57 million (unrestricted net assets) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net assets increased by \$10,535,136 due mostly to continued strong operations from the City's water and electric utility funds.
- As of the close of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$10,069,497, an increase of \$3,026,341 in comparison with the prior year.
- At the end of the current fiscal year, fund balance for the General Fund was \$4,611,481, or 19.4% of total General Fund expenditures.
- The City's total long term liabilities decreased by \$2,149,005 during the current fiscal year. This included a decrease of debt by \$2,597,144 which was due to scheduled principle payments.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the City of Griffin's basic financial statements. The City's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Griffin's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, judicial, public safety, public works, parks and recreation, and housing and development. The business-type activities of the City include water and wastewater, electric, solid waste, stormwater, welcome center operations, airport operations, and golf course operations.

The government-wide financial statements can be found on pages 12 and 13 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains nineteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund only, because it is considered to be a major fund. Data from the other eighteen governmental funds (thirteen special revenue funds, three capital projects funds, and two permanent funds) are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 14 and 15 of this report.

Proprietary funds. The City maintains two types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its Water/Wastewater Utility Fund, Electric Utility Fund, Solid Waste Fund, Stormwater Utility Fund, Airport Fund, Welcome Center Fund, and the Golf Course Fund. *Internal service funds* are an accounting device used to accountate and allocate costs internally amount the City's various functions. The City uses internal service funds to account for its motor vehicle fleet. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water/Wastewater Utility Fund, Electric Utility Fund, and Solid Waste Fund, all of which are considered to be major funds of the City. Conversely, the nonmajor enterprise funds and the internal service funds are combined into single, aggregated presentations in the proprietary fund financial statements. Individual fund data for the nonmajor enterprise funds is provided in the form of *combining statements* elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 19 - 26 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on page 27 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 28 – 63 of this report.

Other information. The combining statements referred to earlier in connection with nonmajor governmental funds and enterprise funds are presented immediately following the notes to the financial statements. Combining and individual fund statements and schedules can be found on pages 65 – 88 of this report.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$101,677,315 at the close of the most recent fiscal year.

By far the largest portion of the City's net assets (62.7%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net assets (4.3%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets (\$33,574,746) may be used to meet the City's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net assets, both for the City as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

Governmental activities. Governmental activities during the fiscal year ended June 30, 2011, increased the City of Griffin's net assets by \$6,197,972. Business-type activities during the same period increased net assets by \$4,337,164 for a total increase in net assets of \$10,535,136. Key elements of this increase are as follows:

<u> </u>			_				_	· ·	=	

As can be seen above, the governmental activities show a deficit of revenues over expenses before transfers of \$3,377,039 and \$1,199,252 for 2011 and 2010, respectively. These deficiencies are normal and consistent throughout all fiscal years. The reason for this is that the City relies on the superior earnings of the enterprise funds (specifically the Water/Wastewater and Electric Funds) to subsidize the operations of the general fund. The transfer from those funds can be thought of as dividends paid to stockholders or return of equity to the owners of a business, and they can be used for whatever purpose the City Commission decides is best for the City. Traditionally, the City has relied upon those transfers to maintain the ad valorem tax rates at a reasonable level. In the absence of those transfers, the City would either have to raise the shortfall in revenues through increases in user fees or taxes, or to cut back the level of services it provides to the citizens.

The increase in total charges for services for the City's business-type activities is due to some rate increases in the water fund and electric utility fund coupled with increased water sales and power usage in 2011 vs that of 2010.

Business-type activities. The City's business-type activities which include the Water/Wastewater Fund, Electric Utility Fund, Solid Waste Fund, and four non-major funds increased net assets by \$4,337,164 in 2011 and increased net assets by \$5,297,094 in 2010.

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. This information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of 2011 and 2010, the combined ending fund balances of the City's governmental funds were a positive \$10,069,497 and a positive \$7,043,156 respectively. This increase was due to continued spending constraints and significant transfers in from the City's enterprise funds. A positive \$4,290,717 at June 30, 2011 of the ending fund balance consists of unassigned fund balance, which is available as working capital for current spending in accordance with the purposes of the specific funds. A portion of the fund balance at June 30, 2011, \$2,444,514 is termed non-spendable to indicate that it is not available for new spending because it is reserved for prepaid items, assets held for resale and permanent fund principle. The remainder of \$3,334,266 is restricted for law enforcement needs, cemetery maintenance, and other capital projects.

The City of Griffin has only one major governmental fund which is the General Fund. The General Fund is the primary operating fund of the City. It accounts for many of the City's core services such as law enforcement, fire protection, planning, roads and streets, and administration. At the end of 2011 the General Fund had a positive fund balance of \$4,611,481. This is an increase of \$2,348,653 from the beginning fund balance. This increase was due to an increase in transfers in from the Proprietary Funds.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The net assets of the City's enterprise funds increased by \$4,855,343 in 2011 and by \$5,739,415 in 2010, as a result of operations in the enterprise funds.

Capital Asset and Debt Administration

Capital Assets. At the end of the fiscal year ending June 30, 2011, governmental activities and business-type activities had capital assets of \$135,821,803 (net of accumulated depreciation) invested in land, buildings, system improvements, infrastructure, and machinery and equipment. The total increase in the City's investment in capital assets for the current fiscal year was 1.4% (a 9.5% increase for governmental activities and a .01% increase for business-type activities). The major increase in capital assets for governmental activities and business-type activities was from the infrastructure improvements and scheduled depreciation expense.

Additional information on the City's capital assets can be found in Note 5 on pages 44 - 46 of this report.

Debt Administration. At the end of June 30, 2011, the City had \$4,959,069 of outstanding long-term liabilities related to governmental activities and \$70,665,465 of long-term liabilities related to business-type activities for a total of \$75,624,534 compared to the previous year's total of \$77,773,539. This is a decrease of \$2,149,005 due mostly to scheduled principle payments on long term debt. At the end of 2011, the City had total bonded debt outstanding of \$65,816,000 as compared to \$67,677,000 in 2010. The debt is secured solely by specified revenue sources (i.e. revenue bonds). The majority of the bonded debt outstanding is from the issuance of \$64,385,000 of Combined Public Utility Revenue Refunding and Improvement Bonds (Series 2002) in 2003. These bonds, along with other available funds were used to refund \$6,210,000 in of the Series 1993A bonds, initially fund approximately 33 months of interest on the Series 2002 bonds, and construct improvements and a new regional water supply system for the water and wastewater fund.

Additional information on the City's debt can be found in Note 6 on pages 46 - 52 of this report.

Currently Known Conditions Affecting Future Operations

The governor of the State of Georgia decided to eliminate the Homeowners Tax Relief Grant for fiscal year 2010. The effect on the City is a reduction of approximately \$200,000 of general fund revenue. This along with the downturn in the economy will affect the City's operations in the area of reduced sales tax receipts and other general fund revenues. We will be monitoring this closely and amending our forecasts accordingly.

Factors affecting the FY 2010-11 Budget:

The Commission of the City of Griffin considered many factors when approving the City's 2011 budget and are very aware of present economic conditions and their effect on its citizens. The Commission chose to continue to use transfers from the business-type activities to the governmental activities instead of increasing taxes or rates within the governmental activities. There were no contemplated increases to the rates of the business-type activities.

Annually, the City Manager submits to the Commission a proposed operating budget for the coming fiscal year which is required to be approved prior to June 30. Public hearings are held prior to adoption to allow citizens the opportunity to comment on the proposed budget.

Budgets are adopted for the General Fund, the Hotel / Motel Tax Fund, the Multiple Grant Fund, the Confiscated Assets Fund, the Police Technology Fund, the Court Technology Fund, the Police Donations Fund, the 2008 CDBG Fund, the 2009 CDBG Fund, the 2010 CDBG Fund, the 2008 CHIP Fund, the 2011 Tornado Fund, the Neighborhood Stabilization Fund, the Tax Allocation Districts Fund, the Water/Wastewater Fund, Electric Utility Fund, Solid Waste Fund, Stormwater Utility Fund, Airport Fund, Welcome Center Fund, and Golf Course Fund. Budgets for the Enterprise Funds are prepared for planning and control purposes only. The legal level of budgetary control is the department level, with the Commissioners being the only body authorized to make amendments to the budget. During the year there was an approximate \$19 thousand decrease in appropriations between the original budget and the final amended budget for the City's General Fund. This decrease was due mostly to reduced appropriations in the public works department as offset by additional appropriations needed within the public safety and housing and economic development functions.

Requests for Information

This financial report is designed to provide a general overview of the City of Griffin's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Mr. Kenny Smith, City Manager, at the City of Griffin, P.O. Box T, Griffin, Georgia 30224.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2011

Amounts reported for governmental activities in the statement of activities are different because:	
Net change in fund balances - total governmental funds	\$ 3,026,341
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	1,855,654
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	110,864
Internal service funds are used by management to charge the costs of certain functions to individual funds. The net revenue of certain activities in the internal service funds is reported with governmental activities.	994,208
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets.	463,214
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	 (252,309)
	\$ 6,197,972

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Griffin, Georgia (the "City") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. With respect to proprietary activities, the City has adopted GASB Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting". The City has elected to apply all applicable GASB pronouncements as well as Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) Opinions, issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The more significant of the City's accounting policies are described below.

A. The Financial Reporting Entity

The City was chartered in 1843 and operates under a Commission – City Manager form of government. The City Manager is the head of the administrative branch of government. As such, he is responsible for the day-to-day operations of city government. The legislative authority of the City is vested in a seven (7) member Commission including an elected Chairperson and an appointed City Manager. The City provides the following services and operations as authorized by its charter: public safety (police and fire); public works; airport; parks and recreation; housing and development; and public utilities (water, sewer, stormwater, electric, and solid waste). As required by accounting principles generally accepted in the United States of America, these financial statements include the accounts of all City operations and all activities of the City.

As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the City (the primary government) and its component units. The component units discussed below are included in the City's reporting entity because of the significance of their operational and financial relationship with the City.

In conformity with generally accepted accounting principles, as set forth in the Statement of Governmental Accounting Standards No. 14, "The Financial Reporting Entity", the component units' financial statements have been included as both blended and discretely presented. Blended component units, although legally separate entities, are in substance part of the City's operations and so financial data from these units are combined with the financial data of the primary government. All of the City's component units have a June 30 year-end.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. The Financial Reporting Entity (Continued)

Discretely Presented Component Units

The City of Griffin Main Street Association (the "Main Street") - The City Commission appoints several positions of the Main Street's board with additional positions being appointed by various organizations. There are 12 members plus two ex-officio officers. Budget requests for Main Street are submitted to the City Commission for approval, with the City Commission possessing the authority to amend the budget. The City provides approximately 80 percent of the Main Street's annual operating budget. Separate financial statements for the Main Street are not prepared.

The City of Griffin Downtown Development Authority (the "DDA") - The City Commission appoints all seven members of the DDA's board (one of which is an elected member of the City Commission). Budget requests for the DDA are submitted to the Commission for approval, with the City Commission possessing authority to revise the budget. The City also provides for a substantial portion of the DDA's annual budget. Separate financial statements for the DDA are not prepared.

The City of Griffin Business and Tourism Association (the "Association") - The City Commission appoints all of the members of the Association's board. The Board members consist of the City Commission Chairman, the City Manager, the City Attorney, and the City Finance Director. Budget requests for the Association are submitted to the Commission for approval, with the City Commission possessing authority to revise the budget. The City also provides for approximately 100% of the Association's annual budget. Separate financial statements for the Association are not prepared.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting, as are the proprietary fund and the fiduciary fund financial statements, although the agency funds have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement* focus and the *modified accrual basis* of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, licenses, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The City reports the following major proprietary funds:

The **Water/Wastewater Utility Fund** accounts for the provision of water and sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund.

The *Electric Utility Fund* accounts for the provision of electrical services to the residents of the City. All activities necessary to provide such services are accounted for in this fund.

The **Solid Waste Fund** accounts for the activities of the City's solid waste management operations. All activities necessary to provide such services are accounted for in this fund.

Additionally, the City reports the following fund types:

The **special revenue funds** account for revenue sources that are legally restricted to expenditure for specific purposes.

The *capital projects fund* accounts for the acquisition of capital assets and construction or improvement of major capital projects such as construction of new roads.

The **permanent funds** are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting of the City's programs.

The *internal service fund* is used to account for the rental of motor vehicles and equipment to other departments and related costs of the City, on a cost reimbursement basis.

The **agency fund** is used to account for the collection and disbursement of monies by the City's Municipal Court on behalf of other governments and individuals.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's water and wastewater function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services provided. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- Budget requests are completed in April.
- 2. Proposed budgets are reviewed and prepared by the City Manager for submission to the Mayor and the City Commission in May.
- 3. Public hearings on the proposed budget are held in May and June.
- 4. The budget is legally adopted by the Mayor and City Commission prior to June 30.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Budgets and Budgetary Accounting (Continued)

- 5. All budget revisions or changes must be approved as required by Georgia law and administrative policy. Transfer of budgeted amounts in excess of \$5,000 between departments requires the approval of the City Commission. This is consistent with the legal level of budgetary control as the budget is adopted at the department level. Revisions that alter the total expenditures of any department or fund must be approved by the City Commission. The City Commission made several immaterial supplemental budget appropriations during the year.
- 6. Formal budgetary integration is employed as a management control device during the year for all the following funds: (General, Hotel/Motel Tax, Multiple Grant, Confiscated Assets, Police Technology, Court Technology, the Police Donations, the 2008 CDBG, and the 2009 CDBG and the enterprise funds). Budgets for the enterprise funds are prepared for planning and control purposes only.
- 7. Budgets for the governmental funds and the enterprise funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America.
- 8. Revenues and expenditures of the Capital Projects Funds are budgeted on a project basis and are, therefore, excluded from presentation in the financial statements.

E. Cash and Cash Equivalents

Cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Generally, only investments with original maturities of three months or less meet this definition.

F. Deposits and Investments

For purposes of the statements of cash flows, the City considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Deposits and Investments (Continued)

State statutes authorize the City to invest in obligations of the U.S. Government and agencies of corporations of the U.S. Government; obligations of any state; obligations of any political subdivision of any state; certificates of deposit or time deposits of any national state bank or savings and loan which have deposits insured by the FDIC or FSLIC; prime bankers' acceptances; repurchase agreements; and the Local Government Investment Pool of the State of Georgia ("Georgia Fund 1"). Georgia Fund 1 was created under OCGA 36-83-8 and operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the SEC as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1 per share value). Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participants' shares sold and redeemed based on \$1 per share. The fair value of the City's position in the pool is the same as the value of pool shares (\$1 per share value). The pool is regulated by the Georgia Office of Treasury and Fiscal Services.

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values.

G. Inventory and Prepaid Items

Inventory in the proprietary funds is valued at the lower of cost or market using the weighted average method. The City accounts for inventory on the purchase basis. Prepaid expenses are accounted for using the consumption method. A prepaid item is recognized when a cash expenditure is made for goods or services that were purchased for consumption, but not consumed as of June 30.

H. Short-Term Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" in the fund financial statements. Short-term interfund loans are classified as "interfund receivables/payables". Long-term interfund loans are classified as advances. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Grants from Other Governments

Federal and state governmental units represent an important source of supplementary funding used to finance housing, business development employment, construction programs, capital asset additions and other activities beneficial to the community. This funding, primarily in the form of grants, is recorded in both governmental and proprietary funds. Grant contributions in the proprietary funds, which are for the purpose of construction activities, or land easement or capital asset acquisitions, are recorded as capital contributions within the statement of revenues and expenses. For all funds, a grant receivable is recorded when the City has a right to receive the related grant amounts.

J. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities), the City chose to include all such items regardless of their acquisition date or amount. The City was able to estimate the historical cost for the initial reporting of these assets through back trending. As the City constructs or acquires additional capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. In the case of donations, the City values these capital assets at the estimated fair value of the item at the date of its donation.

Major outlays for capital assets and major improvements are capitalized as projects are constructed. Interest incurred during the construction period of capital assets of the business-type activities is included as part of the capitalized value of the assets constructed. The amount of interest capitalized is calculated by offsetting interest expense incurred (from the date of borrowing until the date of completion of the project) with interest earned on investment proceeds over the same period. During the fiscal year ended June 30, 2011, no amounts were capitalized.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Capital Assets (Continued)

Depreciation is provided on the straight-line method over the following estimated useful lives:

Governmental Assets

Buildings and improvements	20 - 50 years
Machinery and equipment	3 - 10 years
Infrastructure	25 - 30 years

Business-type Assets

Buildings and improvements	10 - 50 years
Utility system	5 - 50 years
Equipment	5 - 20 years

K. Long-Term Liabilities

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs and deferred charges, are deferred and amortized over the life of the bonds using the straight line method, which is not materially different than the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

L. Compensated Absences

All employees, except shift firefighters, accrue vacation as follows: 1.54 hours per week of vacation with under 10 years of service; 2.3 hours per week of vacation with greater than 10 years and less than 20 years of service; and 3.07 hours per week of vacation with greater than 20 years of service. Shift firefighters accrue vacation as follows: 3.23 hours per week of vacation with under 10 years of service; 4.62 hours per week of vacation with greater than 10 years and less than 20 years of service; and 6.46 hours per week of vacation with greater than 20 years of service. Vacation time must be taken as time off and will not be paid-out except that any unused vacation will be paid at an employee's termination of employment.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Compensated Absences (Continued)

All City employees, except shift firefighters, accrue sick leave at 1.85 hours per week. Shift firefighters accrue sick leave at 5.54 hours per week. Sick leave, however, is not paid upon an employee's termination except to employees who are eligible to retire between January 2, 2005 and January 1, 2010. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

M. Defined Contribution Plan

The City offers its employees a defined contribution plan (the City of Griffin Deferred Compensation Plan) which is administered by MetLife Resources. The Plan is a combined 457 plan and 401A plan. The Plan, available to all City employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional and requires the City to match the employees' deferrals up to a maximum of 1% of annual compensation. Employer's contributions are fully vested at the time of contribution. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Benefit provisions and contributions are established and may be amended by the City Council. During the year ended June 30, 2011, the City contributed \$166,398 and employees contributed \$401,635.

Pursuant to the Statement Number 32 of the Governmental Accounting Standards Board "Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans," the City does not have a fiduciary relationship with the plan. Accordingly, the balances and transactions of the City's plan are not reported in the City's financial statements.

N. Fund Equity

The City implemented GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, as of July 1, 2010. This new standard changed the overall definitions and classifications of governmental fund balances.

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net assets."

Fund Balance – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Fund Equity (Continued)

- **Nonspendable** Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.
- **Restricted** Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- **Committed** Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the City Commission through the adoption of a resolution. Only the City Commission may modify or rescind the commitment.
- **Assigned** Fund balances are reported as assigned when amounts are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the City Commission has authorized the City's Chief Financial Officer, Finance Director, or Director of Administrative Services to assign fund balances.
- **Unassigned** Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: 1) committed, 2) assigned, and 3) unassigned.

Net Assets – Net assets represent the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has spent) for the acquisition, construction or improvement of those assets. Net assets are reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net assets are reported as unrestricted.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Restricted Assets

The Water/Wastewater Utility Fund, based on certain bond covenants, is required to establish and maintain prescribed amounts of resources (consisting of cash and temporary investments) that can be used only to service outstanding debt.

P. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental funds balance sheet and the government-wide statement of net assets

The governmental funds balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net assets – governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains that "certain liabilities are not due and payable in the current period and therefore are not reported in the funds." The details of this \$4,973,020 difference are as follows:

Capital leases	\$ 4,211,614
Compensated absences	730,220
Accrued interest	31,186
Net adjustment to reduce fund balance - total governmental funds	
to arrive at net assets - governmental activities	\$ 4,973,020

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS (CONTINUED)

B. Explanation of certain differences between the governmental funds statement of revenues, expenditures and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their useful lives and reported as depreciation expense." The details of this \$1,855,654 difference are as follows:

Capital outlay	\$ 3,124,559
Depreciation expense	 (1,268,905)
Net adjustment to increase net changes in fund balances - total	
governmental funds to arrive at changes in net assets of	
governmental activities	\$ 1,855,654

Another element of that reconciliation explains that "The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets." The details of this \$463,214 difference are as follows:

Proceeds from capital leases	\$ -
Principal retirement on long-term debt	 463,214
Net adjustment to increase net changes in fund balances - total	
governmental funds to arrive at changes in net assets of	
governmental activities	\$ 463,214

Another element of that reconciliation explains that "Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds." The details of this \$252,309 difference are as follows:

Compensated absences	\$ (73,086)
Net pension asset	(181,334)
Accrued interest	 2,111
Net adjustment to decrease net changes in fund balances - total	
governmental funds to arrive at changes in net assets of	
governmental activities	\$ (252,309)

NOTE 3. DEPOSITS AND INVESTMENTS

Total deposits and investments as of June 30, 2011, are summarized as follows:

Amounts as presented on the entity wide statement of net assets:	
Cash and cash equivalents	\$ 10,540,881
Investments	14,089,594
Restricted cash and cash equivalents	818,943
Restricted investments	7,966,999
Amounts as presented on the fiduciary statement of net assets:	
Cash and cash equivalents - Agency Fund	35,769
Component Units - cash and cash equivalents	 67,674
Total	\$ 33,519,860
Cash deposited with financial institutions	\$ 14,387,673
Cash deposited with Georgia Fund 1	2,249,096
Investments in the Municipal Competitive Trust	9,791,301
Investments in governmental bonds	4,246,057
Investments in corporate bonds	268,865
Investments in equities and various other securities	2,576,868
Total	\$ 33,519,860

Credit risk. State statutes authorize the City to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime bankers' acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. It is the City's policy to limit its investments to those allowed and authorized by State law. As of June 30, 2011, the City's investment in Georgia Fund 1 was rated AAAm by Standard & Poor's. The City's investment in the Municipal Competitive Trust was not rated. All other City investments were rated as noted on the following table.

The reporting of investments at fair value in accordance with GASB Statement No. 31 resulted in an unrealized loss of \$27,341 reflected as interest income in the Water & Sewer Fund, an unrealized loss of \$26,583 reflected as interest income in the Electric Utility Fund and an unrealized gain of \$162,663 reflected as interest income in the Cemetery Trust Fund.

NOTE 3. DEPOSITS AND INVESTMENTS (CONTINUED)

At June 30, 2011, the City had the following investments:

			Investment Maturities (in Years)											
Investment	Rating	Fair Value	Less than 1			1 - 5		6 - 10		11 - 15		16 - 20		> 20
Georgia Fund 1		\$ 2,249,096	\$	2,249,096	\$	-	\$	-	\$	-	\$	-	\$	-

Corporate bonds	AA+	245,588		-		245,588		-		-		-		-
Corporate bonds	AA	23,278		-		-		23,278		-		-		-
Total		\$ 22,056,593	\$	13,409,060	\$	1,437,934	\$	789,707	\$	864,323	\$	1,258,029	\$	1,720,672

Interest rate risk. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Custodial credit risk – deposits. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. As of June 30, 2011, the City did not have any deposits which were uninsured and under collateralized as defined by GASB pronouncements.

Custodial credit risk – investments. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require all investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities.

NOTE 4. RECEIVABLES

Accounts Receivable

Receivables as of year end, including the applicable allowances for uncollectible accounts, are as follows:

			N	onmajor		Water/
		General	Gov	ernmental	V	Vastewater
Receivables:						
Taxes	\$	1,168,917	\$	5,631	\$	-

	\$	Electric - 14,445,081	Eı	-	\$	
Taxes	\$	-	Eı	nterprise -	\$	1,174,548
Taxes Accounts	\$	14,445,081	Eı	133,749	\$	1,174,548 14,852,830
Taxes Accounts Intergovemmental	\$	- 14,445,081 1,912,358	Eı	133,749 20,837	\$	1,174,548 14,852,830 2,930,809
Taxes Accounts Intergovemmental Gross receivables	\$	- 14,445,081 1,912,358	Eı	133,749 20,837	\$	1,174,548 14,852,830 2,930,809

Included in the Electric Revenue Fund's intergovernmental receivable above is a note receivable from a local government from the sale of excess electric power generation. This note is being paid to the City via monthly installments of \$59,830 through November 2013.

Property Taxes

Property taxes were levied on behalf of the City by Spalding County on November 1, 2010, (Levy Date) based upon property values assessed as of January 1. The billings were mailed on November 5, 2010, and payable on or before January 5, 2011, for the calendar year 2010 tax. Taxes not paid within 30 days of the January 5 due date were subject to property tax liens on April 5, 2011. Property tax revenues are recognized when levied to the extent they result in current receivables. The City does maintain an allowance for uncollectible property taxes. At June 30, 2011, the allowance for uncollectible property taxes was \$220,742.

The tax rate levied during calendar year 2010 for the City's operations was 8.636 mills (mill equals \$1 per thousand dollars of assessed value).

NOTE 5. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2011 was as follows:

	Beginnin Balance	_	 ncreases	<u>D</u>	ecreases		Transfers		Ending Balance
Governmental activities:									
Capital assets, not being depreciated:									
Land	\$ 1,495	,785	\$ -	\$	-	\$	-	\$	1,495,785
Construction in progress	1,845	,841	 2,360,055		-		(2,517,917)		1,687,979

Golf course	 44,899
Total depreciation expense - business-type activities	\$ 4,871,774

NOTE 6. LONG-TERM DEBT

Revenue Bonds:

The City issues bonds where the City pledges income derived from the acquired or constructed assets to pay debt service. The City's Water and Wastewater Utility Fund's revenue bonds outstanding at June 30, 2011, are as follows:

Description	. <u></u>	Original Amount	Interest Rate	Due Date		Amount
Combined Utility, Series 2002 Combined Utility, Series 2005	\$	64,385,000 9,748,000	2.00% - 5.125% 3.59%	2032 2017	\$	60,340,000 5,476,000
·			Less curr	ent portion	Φ.	65,816,000 (1,932,000)
					\$	63,884,000

NOTE 6. LONG-TERM DEBT (CONTINUED)

Combined Public Utility Revenue Refunding and Improvement Bonds, Series 2002

The City of Griffin Combined Public Utility Revenue Refunding and Improvement Bonds, Series 2002 were issued December 1, 2002. The Series 2002 bonds were issued to provide funds to refund a portion of the City's Revenue Refunding and Improvement Bonds, Series 1993A and to finance the cost of making additions, extensions, and improvements to the City's water and wastewater systems. The Series 2002 bonds are special limited obligations of the City payable solely from and secured by a pledge of and lien on revenues derived by the City from the ownership and operation of its water, wastewater, and electric system, remaining after the payment of expenses of operating, maintaining, and repairing the system. The Series 2002 bonds do not constitute a debt or general obligation of the City or a pledge of the faith and credit or taxing power of the City. No governmental entity, including the City, is obligated to levy any tax for the payment of the Series 2002 bonds. No recourse may be had against the General Fund of the City for payment of the Series 2002 bonds.

Combined Public Utility Revenue Bonds, Series 2005

The City of Griffin Combined Public Utility Revenue Bonds, Series 2005 were issued October 4, 2005. The Series 2005 bonds were issued to provide funds to finance, in whole or in part, a) the cost of currently refunding and defeasing a portion of the outstanding Combined Public Utility Revenue Bonds, Series 1996 and 1997, b) the cost of fully funding the debt service reserve requirement for the Series 2005 bonds through the purchase of a surety bond, and c) the costs of issuance of the Series 2005 bonds. The Series 2005 bonds are special limited obligations of the City payable solely from and secured by a pledge of and lien on revenues derived by the City from the ownership and operation of its water, wastewater, and electric system, remaining after the payment of expenses of operating, maintaining, and repairing the system. The Series 2005 bonds do not constitute a debt or general obligation of the City or a pledge of the faith and credit or taxing power of the City. No governmental entity, including the City, is obligated to levy any tax for the payment of the Series 2005 bonds. No recourse may be had against the General Fund of the City for payment of the Series 2005 bonds.

NOTE 6. LONG-TERM DEBT (CONTINUED)

Revenue bond debt service requirements to maturities, including interest, are as follows:

Fiscal Year Payable	 Total	 Principal		Interest
2012	\$ 5,108,988	\$ 1,932,000	\$	3,176,988
2013	5,109,468	2,006,000		3,103,468
2014	5,105,148	2,078,000		3,027,148
2015	5,106,249	2,169,000		2,937,249
2016	5,107,308	2,264,000		2,843,308
2017 - 2021	25,540,893	12,972,000		12,568,893
2022 - 2026	25,540,196	16,470,000		9,070,196
2027 - 2031	25,543,756	21,060,000		4,483,756
2032	 5,108,250	 4,865,000		243,250
	\$ 107,270,256	\$ 65,816,000	\$	41,454,256

Other Long-Term Debt:

The Stormwater Utility Fund has incurred debt to the Georgia Environmental Facilities Authority for utility system improvements. This note is as follows at June 30, 2011:

Ori	ginal Amount	Interest Rate	Due Date	Amount
\$	2,691,113	3.75%	2022 Less current portion	\$ 1,801,404 (142,624)
				\$ 1,658,780

The Stormwater Utility Fund's other long-term debt service requirements to maturity, including interest are as follows:

Fiscal Year Payable		Total		Principal	Interest		
2012	\$	207,851	\$	142.624	\$	65,227	
2013	•	207,851	•	148,270	•	59,581	
2014		207,850		153,826		54,024	
2015		207,851		159,695		48,156	
2016		207,851		165,721		42,130	
2017 - 2021		1,039,253		928,828		110,425	
2022		103,564		102,440		1,124	
	\$	2,182,071	\$	1,801,404	\$	380,667	

NOTE 6. LONG-TERM DEBT (CONTINUED)

Intergovernmental Agreement – Due to Pike County

The Water and Wastewater Utility Fund has incurred debt to Pike County as part of a settlement agreement with regards to the construction of the City's water reservoir located in Pike County. This note is as follows at June 30, 2011:

Original Amount		Interest Rate	Due Date	 Amount			
\$	374,469	7.00%	2016	\$ 169,361			

The Water and Wastewater Fund's intergovernmental agreement debt service requirements to maturity, including interest are as follows:

Fiscal Year Payable	· <u></u>	Total	F	Principal	 Interest		
2013	\$	50,000	\$	38,145	\$ 11,855		
2014		50,000		40,815	9,185		
2015		50,000		43,672	6,328		
2016		50,000		46,729	3,271		
	\$	200,000	\$	169,361	\$ 30,639		

Capital Leases:

The City has entered into several lease agreements as lessee for financing the acquisition of various equipment through the Georgia Municipal Association direct installment program. The lease agreements qualify as capital leases for accounting purposes (titles transfer at the end of the lease term) and have been recorded at the present values of the future minimum lease payment as of the date of their inceptions. These leases are being serviced by General Fund, Solid Waste Fund, and Golf Course Fund payments with annual interest rates varying from 3.21% to 7.81%.

The following is an analysis of equipment leased under capital leases as of June 30, 2011:

	- G	overnmental Activities	siness-type Activities	Total		
Buildings	\$	3,949,160	\$ -	\$	3,949,160	
Equipment		2,554,061	888,300		3,442,361	
Less accumulated depreciation		(2,170,089)	 (725,768)		(2,895,857)	
Carrying value	\$	4,333,132	\$ 162,532	\$	4,495,664	

NOTE 6. LONG-TERM DEBT (CONTINUED)

Capital Leases: (Continued)

The following is a schedule of future minimum lease payments under the capital leases and the present value of the net minimum lease payments at June 30, 2011:

Fiscal year ending		overnmental Activities		Golf Course Fund	So	olid Waste Fund	Total		
2012	\$	618,967	\$	18,557	\$	92,674	\$	730,198	
2013		548,994		18,557		84,951		652,502

Closure/Postclosure Care Costs

Effective March 1994, the City of Griffin Shoal Creek Landfill Phase 1 was closed and no additional waste has been accepted. According to state and federal laws and regulations, the City must perform certain maintenance and monitoring functions at the site for a minimum of 30 years. Engineering studies estimate postclosure costs of approximately \$770,405 over the remaining 12 year period. These costs are based on what it would cost to perform all postclosure care in 2001, adjusted annually for inflation. Actual costs may be higher due to changes in inflation, changes in technology, or changes in regulations. Should any problems occur during this postclosure period, the costs and time period required for the maintenance and monitoring functions may substantially increase.

Effective December 2006, the City of Griffin Shoal Creek Landfill Phase 2 was closed and no additional waste has been accepted. According to state and federal laws and regulations, the City must perform certain maintenance and monitoring functions at the site for a minimum of 30 years. Engineering studies estimate postclosure costs of approximately \$694,927 over the remaining 29 year period. These costs are based on what it would cost to perform all postclosure care in 2007, adjusted annually for inflation. Actual costs may be higher due to changes in inflation, changes in technology, or changes in regulations. Should any problems occur during this postclosure period, the costs and time period required for the maintenance and monitoring functions may substantially increase.

NOTE 6. LONG-TERM DEBT (CONTINUED)

Closure/Postclosure Care Costs (Continued)

State and federal laws and regulations require the City to place a final cover on its Shoal Creek Landfill Phase 3 site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, which is expected to occur in 2024, the City reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The amount noted as Phase 3 below reported as landfill closure and postclosure care liability at June 30, 2011, represents the cumulative amount reported to date based on the use of approximately 24% of the estimated capacity of the landfill. The City will recognize the remaining estimated cost of closure and postclosure care of \$1,819,559 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2007, adjusted annually for inflation. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. Should any problems occur during the closure and postclosure period, the costs and time period required for the maintenance and monitoring functions may substantially increase.

Shoal Creek Road Landfill Phase 1 postclosure care costs	\$ 770,405
Shoal Creek Road Landfill Phase 2 closure and postclosure care costs	694,927
Shoal Creek Road Landfill Phase 3 closure and postclosure care costs	570,043
Total closure and postclosure care costs recorded within the Solid Waste Fund	2,035,375
Less current portion	(87,370)
	\$ 1,948,005

NOTE 6. LONG-TERM DEBT (CONTINUED)

Changes in Long-Term Liabilities:

Long-term liability activity for the year ended June 30, 2011 was as follows:

G		Beginning Balance	Additions Reductions			Reductions	Ending Balance	Due Within One Year		
Governmental activities:		_				_			_	
Capital leases	\$	4,674,828	\$	-	\$	(463,214)	\$ 4,211,614	\$	427,584	
Compensated absences		672,018		800,804		(725, 367)	747,455		635,336	
Governmental activity										
Long-term liabilities	\$	5,346,846	\$	800,804	\$	(1,188,581)	\$ 4,959,069	\$	1,062,920	
Business-type activities:										
Revenue bonds	\$	67,677,000	\$	-	\$	(1,861,000)	\$ 65,816,000	\$	1,932,000	
Notes payable		1,938,887		-		(137,483)	1,801,404		142,624	
Compensated absences		522,227		488,342		(452,648)	557,921		474,232	
Capital leases		331,319		-		(99,798)	231,521		103,926	
OPEB liability		(212,444)		1,123,000		(856,673)	53,883		-	
Intergovernmental agreement		205,010		-		(35,649)	169,361		-	
Landfill dosure / postdosure		1,964,694		151,091		(80,410)	2,035,375		87,370	
Business-type activity										
Long-term liabilities	\$	72,426,693	\$	1,762,433	\$	(3,523,661)	\$ 70,665,465	\$	2,740,152	

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. At year end, \$17,235 of internal service fund's compensated absences is included in the above amounts. Also, for the governmental activities, compensated absences are substantially liquidated by the General Fund.

NOTE 7. PENSION PLAN

A. Plan Description

The City's defined benefit pension plan, the City of Griffin Retirement Plan, provides retirement, disability, and death benefits to plan members and beneficiaries. The City of Griffin Retirement Plan is affiliated with the Georgia Municipal Employees Benefit System (GMEBS), an agent multiple-employer pension plan administered by the Georgia Municipal Association. The benefit provisions and all other requirements are established by City ordinance. GMEBS issues a publicly available financial report that includes financial statements and required supplementary information for the City of Griffin Retirement Plan. That report may be obtained by writing to Georgia Municipal Association, Employee Benefit Section, 201 Pryor Street, SW, Atlanta, Georgia 30303-3606.

As of January 1, 2011, the date of the most recent actuarial valuation, there were 691 participants consisting of the following:

Retirees and beneficiaries currently receiving benefits	181
Vested terminated employees not yet receiving benefits	64
Active employees	446
Total	691

As of the most recent valuation date, January 1, 2011, the funded status of the Plan was as follows:

Actuarial Valuation Date	 Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) (b)	_	Jnfunded / Surplus AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b-a)/c)
1/1/2011	\$ 45,980,432	\$ 55,222,320	\$	9,241,888	83.3 %	\$ 16,495,560	56.0 %

The required schedule of funding progress immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan net assets is increasing or decreasing over time relative to the actuarial accrued liability. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect long-term perspective. Calculations are based on the substantive plan in effect as of January 1, 2011.

NOTE 7. PENSION PLAN (CONTINUED)

B. Funding Policy

The funding policy for the City of Griffin Retirement Plan is to contribute an actuarially determined amount equal to the recommended contribution each year. The City makes all contributions to the City of Griffin Retirement Plan. The City is required to contribute at an actuarially determined rate; the current rate is 13.99% of annual covered payroll.

C. Annual Pension Cost

For the year ended June 30, 2011, the City's annual pension cost was \$2,422,106 for the City of Griffin Retirement Plan. The recommended contribution of \$2,240,772 was determined as part of the January 1, 2010 actuarial valuation using the projected unit credit actuarial cost method. The actuarial assumptions included (a) 7.75% investment rate of return, (b) projected salary increases for inflation of 3.0% per year and for merit or seniority of .5% per year, and (c) 3.0% cost of living adjustment. The period, and related method, for amortizing the unfunded actuarial accrued liability is level dollar over 30 years for the initial unfunded accrued liability, 15 years for actuarial gains and losses; 20 years for plan provisions and 30 years for actuarial assumptions and cost methods as a level dollar amount. The amortization period for the unfunded actuarial accrued liability varies for the bases, with a net effective amortization period of 14 years. The amortization period for the unfunded actuarial accrued liability is closed as of the latest actuarial valuation. The method for determining the actuarial value of assets is part of GMEBS actuarial funding policy. It produces an adjusted actuarial value of assets.

The smoothing technique gradually incorporates investment performance that exceeds or falls short of the expected return of 7.75%, which is the valuation's investment return assumption.

The City's actuarially determined contribution, pension cost and increase in net pension obligation (asset) for the year ended June 30, 2011 is as follows:

Annual required contribution	\$ 2,240,772
Interest on net pension obligation (asset)	(45,334)
Adjustments to annual required contribution	 226,668
Annual pension cost	2,422,106
Contributions made	 2,240,772
Decrease in net pension asset	181,334
Net pension obligation (asset), beginning of year	 (2,266,676)
Net pension obligation (asset), end of year	\$ (2,085,342)

The estimated interest adjustment has been calculated by applying a 2.0% rate of return to the beginning of the year balance of the net pension obligation (asset).

NOTE 7. PENSION PLAN (CONTINUED)

C. Annual Pension Cost (Continued)

Year Ending	Pe	Annual ension Cost	C	Actual City ontribution	Percentage Contributed	Net Pension Obligation (Asset)
June 30, 2005	\$	1,955,007	\$	2,129,847	109%	(3,054,107)
June 30, 2006		1,974,104		1,831,579	93%	(2,911,582)
June 30, 2007		1,895,589		1,745,851	92%	(2,761,844)
June 30, 2008		1,807,477		1,650,264	91%	(2,604,631)
June 30, 2009		1,966,334		1,801,374	92%	(2,439,671)
June 30, 2010		2,693,722		2,520,727	94%	(2,266,676)
June 30, 2011		2,422,106		2,240,772	93%	(2,085,342)

D. Trend Information

In April 2005, the City Commission approved and amended the City of Griffin Retirement Plan to allow for a change in trustee of the Plan from the City Commission to GMEBS. This amendment effectively dissolved the City's Pension Trust Fund and authorized the transfer of all assets to GMEBS. Due to this change, trend information presented as supplementary information is presented only for the new GMEBS pension plan.

NOTE 8. BUDGET COMPLIANCE AND DEFICIT FUND EQUITY

A. Excess of Expenditures Over Appropriations

The following General Fund departments and special revenue funds had actual expenditures in excess of appropriations for the year ended June 30, 2011:

Cemetery	\$	21.551
Griffin Business and Tourism Association	,	19,455
Downtown Development		161,078
Main Street		83,700
Confiscated Assets Fund		50,123
Police Donations Fund		7,124
2011 Tornado Grants Fund		68,116
Neighborhood Stabilization Fund		5.223

These over expenditures were funded by greater than anticipated transfers and by available fund balance.

NOTE 8. BUDGET COMPLIANCE AND DEFICIT FUND EQUITY (CONTINUED)

B. Deficit Fund Balance/Net Assets

The following funds had deficit fund balances/net assets at June 30, 2011:

2009 CDBG Fund	\$ 8,765
2010 CDBG Fund	1,921
2011 Tornado Grants Fund	11,139
Solid Waste Fund	4.084

The fund deficits in the 2009 CDBG Fund, the 2010 CDBG Fund, and the 2011 Tornado Grants Fund will be reduced through intergovernmental revenues. The fund deficit in the Solid Waste Fund will be reduced through increased user charges and General Fund appropriations

NOTE 9. INTERFUND BALANCES AND TRANSFERS

Interfund receivable and payable balances as of June 30, 2011 are as follows:

							Water /	
		General	Go	vernmental		Electric	Wastewater	
Due To								
General Fund	\$	-	\$	831,248	\$	12,491	\$	3,329
Nonmajor governmental		7,900		44,621		-		-
Water / Wastewater		-		4,198		155,580		-

Solid Waste		8,500		17,827		-		11,347
Internal service funds		113,027		160		11,100		26,037
Nonmajor enterprise		-		2,299		221,500		-
Total	\$	129,427	\$	1,009,573	\$	400,671	\$	40,713
	<u></u>						-	
		Solid		Nonm ajor		Internal		
		Waste		Enterprise		Service	Total	
Due To								
General Fund	\$	-	\$	-	\$	-	\$	847,068
Nonmajor governmental		-		-		-		52,521
Water/Wastewater		-		38,679		-		198,457
Electric		14,377		129,203		-		252,800
Solid Waste		-		4,740		-		42,414
Internal Service Funds		68,834		14,474		-		233,632
Nonmajor enterprise		-		76		-		223,875
Total	\$	83,211	\$	187,172	\$	-	\$	1,850,767

Interfund receivables and payables result from timing differences related to payroll and other year end transactions which normally clear within one to two months.

NOTE 9. INTERFUND BALANCES AND TRANSFERS (CONTINUED)

Interfund transfers for the year ended June 30, 2011 consisted of the following:

		N	lonmajor		Water/	
	General	Go	vernmental	W	astewater	Electric
Transfer From	 _		_		_	
General Fund	\$ -	\$	6,430	\$	-	\$ -
Nonmajor Governmental	101,671		-		-	-
Water / Wastewater	3,531,264		119,251		-	-
Electric	6,305,086		-		-	-
Solid Waste	-		-		-	-
Internal Service	-		-		-	-
Nonmajor Enterprise	 379,945				200	 -
Total	\$ 10,317,966	\$	125,681	\$	200	\$ -

	Solid Internal Waste Service		Nonmajor Enterprise	Total	
Transfer From					
General Fund	\$ -	\$	1,243,710	\$ 742,392	\$ 1,992,532
Nonmajor Governmental	-		-	18,143	119,814
Water / Wastewater	-		-	-	3,650,515
Electric	264,274		-	-	6,569,360
Solid Waste	-		-	-	-
Internal Service	83,120		-	-	83,120
Nonmajor Enterprise	 <u>-</u>		-	 	 380,145
Total	\$ 347,394	\$	1,243,710	\$ 760,535	\$ 12,795,486

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that the statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 10. RELATED ORGANIZATION

The City's governing body is responsible for all of the board appointments of the City of Griffin Housing Authority. However, the City has no further accountability for this organization.

NOTE 11. HOTEL/MOTEL LODGING TAX

The City has levied a 7% lodging tax. For the fiscal year ended June 30, 2011, \$63,483 of hotel/motel tax was collected. Of the total collected, over 50% was used for the promotion of tourism within the City (\$18,144 to the Griffin Business and Tourism Association and \$18,144 to the City's Welcome Center).

NOTE 12. JOINT VENTURES

Under Georgia law, the City, in conjunction with other cities and counties in the 10-county west central Georgia area, is a member of the Three Rivers Regional Commission and is required to pay annual dues thereto. During its year ended June 30, 2011, the City paid \$23,887 in such dues. Membership in a regional commission (RC) is required by the Official Code of Georgia Annotated (OCGA), Section 50-8-34, which provides for the organizational structure of the RC in Georgia. The RC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC. Separate financial statements may be obtained from: Three Rivers Regional Commission; 120 North Hill Street, Griffin, Georgia 30224.

NOTE 13. JOINTLY GOVERNED ORGANIZATION

During the year ended June 30, 2010, the City Commission approved entering into an interlocal cooperation agreement for the purpose of establishing the Griffin / Spalding County Land Bank Authority (the "Authority"). The Authority was formally created in August 2008. The Authority's purpose is to return land which is in a non-revenue generating, non-tax producing status to an effective utilization status in order to provide affordable housing, new trade, commerce, industry, and employment opportunities for the citizens of the City and Spalding County. The Authority is governed by a four member board of directors appointed equally by the City and Spalding County. The City will have no further accountability for this organization.

NOTE 14. COMMITMENTS AND CONTINGENCIES

Litigation

The City is involved in several pending lawsuits. Liability, if any, which might result from these proceedings, would not, in the opinion of management and legal counsel, have a material adverse effect on the financial position of the City.

NOTE 14. COMMITMENTS AND CONTINGENCIES (CONTINUED)

Grants from Governments

Amounts received or receivable from grantor agencies are subject to audit and adjustment by such agencies, principally the Federal Government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

Agreements with the Municipal Electric Authority of Georgia

The Municipal Electric Authority of Georgia (MEAG) is a public corporation and an instrumentality of the State of Georgia created to supply electricity to local government electric distribution systems. As provided by state law, MEAG establishes rates and charges so as to produce revenues sufficient to cover its costs, including debt service, but it may not operate any of its projects for profit unless any such profits inure to the benefit of the public.

As of June 30, 2011, the City is an electric utility participant in MEAG and obligated to purchase all of its bulk power supply requirements from MEAG for a period not to exceed 50 years. The City has agreed to purchase all of its future power and energy requirements in excess of that received by the City through the Southeastern Power Administration at prices intended to cover the operating costs of the systems and to retire any debt incurred by the Authority. In the event that revenues are insufficient to cover all costs and retire the outstanding debt, each participating City has guaranteed a portion of the unpaid debt based on its individual entitlement shares of the output and services of generating units acquired or constructed by MEAG. In addition, in the event of discontinued service to a participant in default, the City would be obligated to purchase additional power subject to contractual limitations. Payments to MEAG are made monthly based on KWH usage. The total payments under these contracts amounted to \$27,848,720 in 2011.

At June 30, 2011, the outstanding debt of MEAG was approximately \$5.87 billion. The City's guarantee varies by individual projects undertaken by MEAG and totals approximately \$306.99 million at June 30, 2011.

NOTE 15. RISK MANAGEMENT

The City is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. The City has joined together with other municipalities in the state as part of the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund and the Georgia Municipal Association Group Self-Insurance Workers' Compensation Fund, public entity risk pools currently operating as common risk management and insurance programs for member local governments.

NOTE 15. RISK MANAGEMENT (CONTINUED)

As part of these risk pools, the City is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pools' agents and attorneys, to follow loss reduction procedures established by the funds and to report as promptly as possible and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The City is also to allow the pools' agents and attorneys to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the workers' compensation law of Georgia. The funds are to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment and all expenses incurred for investigation, negotiation or defense.

Settled claims in the past three years have not exceeded the coverages.

NOTE 16. POST EMPLOYMENT HEALTH CARE PLAN

Plan Description

The City of Griffin OPEB Plan (the "OPEB Plan") is a single-employer defined benefit healthcare plan administered by the Georgia Municipal Association. The OPEB Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Benefit provisions and contribution requirements are established and may be amended by the Commission. The relevant information about the OPEB Plan is provided below. No other financial reports are issued by this sole employer plan. The City has implemented the effects of GASB Statement 45 on a prospective basis.

Funding Policy

The required contribution is based on projected pay-as-you-go financing requirements, with an additional amount to prefund benefits as determined annually by the OPEB Plan's actuary. For fiscal year 2011, the City contributed \$886,673 to the plan, including \$231,747 for current premiums and an additional \$624,926 to prefund benefits. Plan members receiving benefits are not required to contribute to the plan.

NOTE 16. POST EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

Plan Provisions

Eligible participants are assumed to be employees, and former employees of the City of Griffin who had health coverage as an active employee for at least the two consecutive years immediately preceding their termination and have satisfied the following requirements: 1) completed at least 10 years of consecutive service immediately preceding their termination date; and 2) is eligible and elects to receive normal retirement or disability benefits under a qualified defined benefit plan sponsored by the City. The OPEB Plan is closed to all employees hired after July 1, 2007. The Plan benefit provisions are fixed at 1) \$200 per month for retiree only coverage for employees less than age 65; 2) \$400 per month for retirees and spouse (or family) coverage for employees less than age 65; 3) \$100 per month for retiree only coverage for employees age 65 or older; and 4) \$200 per month for retiree and spouse coverage for employees age 65 or older. Deferred retirements are not allowed to elect coverage at the time of retirement. Additionally, surviving spouses are not covered under the OPEB Plan.

Annual OPEB Cost and Net OPEB Obligation

The City's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation to the OPEB Plan:

Annual required contribution	\$ 1,119,000
Interest on net OPEB obligation (asset)	33,000
Adjustments to annual required contribution	 (29,000)
Annual OPEB cost	1,123,000
Contributions made	856,673
Decrease in net OPEB obligation	266,327
Net OPEB obligation (asset), beginning of year	(212,444)
Net OPEB obligation (asset), end of year	\$ 53,883

NOTE 16. POST EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the OPEB Plan, and the net OPEB obligation for 2011, 2010, and 2009 (the initial year of the OPEB Plan) were as follows:

			Net OPEB				
Year Ending	Annual OPEB Cost		C	City ontribution	Percentage Contributed	Obligation (Asset)	
June 30, 2009	\$	1,021,000	\$	1,392,929	136%	\$	(371,929)
June 30, 2010		1,021,000		861,515	84%		(212,444)
June 30, 2011		1,123,000		856,673	76%		53,883

Funded Status and Funding Progress

As of the most recent valuation date, July 1, 2010, the funded status of the Plan was as follows:

	Actuarial	Actuarial Accrued	ι	Jnfunded / Surplus				UAAL as a Percentage	
Actuarial Valuation Date	 Value of Assets (a)	 Liability (AAL) (b)		AAL (UAAL) (b-a)	R	nded atio a/b)	 Covered Payroll (c)	of Covered Payroll ((b-a)/c)	
7/1/2010	\$ 1.785.088	\$ 10.746.646	\$	8.961.558	16	5.6 %	\$ 16.495.560	54.3 %	, n

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits. Calculations are based on the substantive plan in effect as of July 1, 2010.

NOTE 16. POST EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

Actuarial Methods and Assumptions

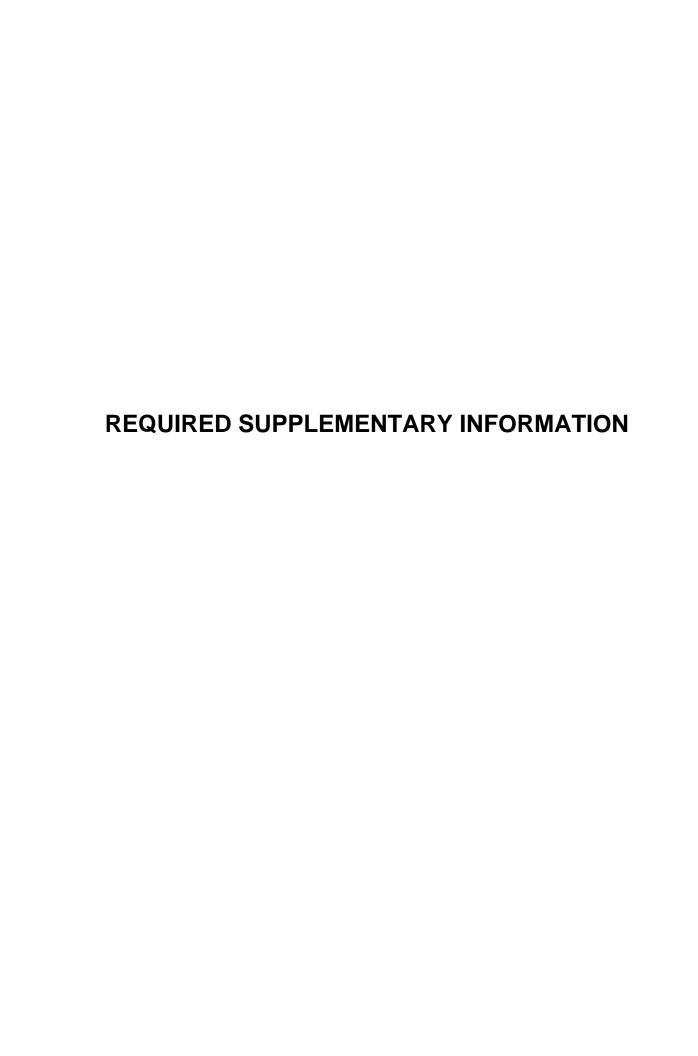

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2010 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 7.75 percent investment rate of return and an annual healthcare cost trend rate of 9.0 percent initially, reduced by decrements to an ultimate rate of 5.4 percent in 2050. Both rates included a 4.0 percent inflation assumption. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at July 1, 2010, was 28 years.

NOTE 17. OPERATING LEASES

The City has entered into several operating leases of various land parcels and buildings. The original leases have terms ranging from one to five years. Each is accounted for as an operating lease. The minimum future rentals for non-cancelable leases for the next five years as of June 30, 2011 are as follows:

2012	\$ 74,940
2013	61,802
2014	49,300
2015	46,800
2016	 23,400
	\$ 256,242

COMBINING STATEMENTS AND SCHEDULES

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes.

The **Hotel/Motel Tax Fund** accounts for the Hotel/Motel accommodation excise tax receipts and distributions to tourism promoting organizations as required by agreements with these organizations.

The Multiple Grant Fund accounts for grant revenues and expenditures relating to various short lived projects.

The **Confiscated Assets Fund** accounts for confiscated and condemned funds received and disbursed for law enforcement expenditures.

The **Police Technology Fund** accounts for monies received by the collection of an add-on fine as allowed by state law to be used for equipping and maintaining the City police department.

The **Court Technology Fund** accounts for monies received by the collection of an add-on fine as allowed by state law to be used for equipping and maintaining the City Court system.

The **Police Donations Fund** accounts for local donated revenues and expenditures for law enforcement expenditures.

The **2008 CDBG Fund** accounts for CDBG grant revenues and expenditures relating to public works projects.

The 2009 CDBG Fund accounts for CDBG grant revenues and expenditures relating to public works projects.

The 2010 CDBG Fund accounts for CDBG grant revenues and expenditures relating to public works projects.

The **2008 CHIP Fund** accounts for CHIP grant revenues and expenditures relating to public works projects.

The **2011 Tornado Grants Fund** accounts for grant revenues and expenditures relating to public safety issues needed during and after the 2011 tornado.

The **Neighborhood Stabilization Fund** accounts for grant revenues and expenditures relating to the purchase of foreclosed and abandoned properties.

The **Tax Allocation Districts Fund** accounts for special assessed property tax revenues and expenditures relating to public works projects.

NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)

CAPITAL PROJECTS FUNDS

The Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

The **Federal Stimulus Fund** accounts for capital projects of the City funded by the Federal Stimulus Grant Funds.

The **General Capital Projects Fund** accounts for general capital projects of the City. Funding is provided by transfers from the General Fund.

The **SPLOST Fund** account for the capital projects within the City from resources provided by the 2009 special Spalding County one percent sales and use tax.

PERMANENT FUNDS

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting City's programs.

The **Cemetery Trust Fund** is used to account for principal trust amounts and the annual maintenance of the City's Cemetery.

The **Mausoleum Trust Fund** is used to account for principal trust amounts and the maintenance of the City's Mausoleum.

NONMAJOR ENTERPRISE FUNDS

Operations of enterprise funds are designed to be self-supporting.

The **Stormwater Utility Fund** accounts for revenues and expenses relating to the stormwater services provided to the residents of the City. All activities necessary to provide such services are accounted for in this fund.

The **Airport Fund** accounts for revenues and expenses relating to the operation of the City's airport. Funding is provided by City appropriations, user fees and intergovernmental grants.

The **Welcome Center Fund** accounts for revenues and expenses relating to the operation of the City's welcome center. Funding is provided by City appropriations and user fees.

The **Golf Course Fund** accounts for revenues and expenses relating to the operation of the City's municipal golf course. Funding is provided by City appropriations and user fees.

STATISTICAL SECTION

This part of the City of Griffin's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, required supplementary information, and supplementary information says about the City's overall financial health.

<u>ntents</u>	<u>Page</u>
Financial Trends92	- 100
These schedules contain trend information to help the reader understand how the City's financial	
performance and well-being have changed over time.	
Revenue Capacity101	- 107
These schedules contain information to help the reader assess the City's most significant local	
revenue sources.	
Debt Capacity108	- 111
These schedules present information to help the reader assess the affordability of the City's current	
levels of outstanding debt and the City's ability to issue additional debt in the future.	
Demographic and Economic Information112 and	d 113
These schedules offer demographic and economic indicators to help the reader understand the	
environment within which the City's financial activities take place.	
Operating Information114	- 116
These schedules contain service and infrastructure data to help the reader understand how the	
information in the City's financial report relates to the services the City provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the City's financial reports for the relevant year. The City implemented GASB 34 in 2003; schedules presenting government-wide information (unless otherwise indicated) include information beginning in that year.

⁽a) Increase in number of police officers and fire fighters, increased health care costs, and change in allocation of expenses caused increase from FY 05 to FY 06.

⁽b) City has been constructing a large new regional water distribution facility, which was completed in Feb 2006. Costs during 2006 increased as plant operations began.

⁽c) Electric expenses increased from FY 05 to FY 06 primarily due to increased energy costs and purchases during the summer months which also yielded a corresponding increase in sales.

⁽d) During the middle of FY 05, the City privatized its golf course operations effectively eliminating most operating costs of the golf course.

⁽e) Increase from FY 05 to FY 06 due mostly to an increase in traffic fines and forfeitures from increased City policing and traffic efforts.

⁽f) Revenues from FY 04 were from donated roads from the completion of new subdivisions.

⁽g) Revenue growth from year to year due mostly to increased rates for services due to rising energy costs.

⁽a) Beginning in fiscal year 2004, the City began the process of creating and operating a Municipal Court. During FY 05, the City purchased for the Municipal Court assets including software and equipment.

⁽b) Increased costs associated with an increased number of police and fire fighters during FY 06.

Revenues / costs increased from 04 to 05 due to implementation of new customer service fees and changes in calculation of indirect costs from percentage of budget to number of employees.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the City Commission Griffin, Georgia

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Griffin, Georgia, as of and for the year ended June 30, 2011, which collectively comprise the City of Griffin, Georgia's basic financial statements and have issued our report thereon dated October 27, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the City of Griffin, Georgia is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Griffin, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the City Commission, others within the entity, the State of Georgia, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Honorable Mayor and Members of the City Commission Griffin, Georgia

Compliance

We have audited the City of Griffin, Georgia's (the City) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2011. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above.

This report is intended solely for the information and use of the management of the City, the City Commission, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Schedule of Expenditures of Federal Awards is prepared using the modified accrual basis of accounting.

Measurement Focus

The determination of when an award is expended is based on when the activity related to the award occurred.

Program Type Determination

Type A programs are defined as federal programs with federal expenditures exceeding the larger of \$300,000 or three percent of total federal expenditures. The threshold of \$300,000 was used in distinguishing between Type A and Type B programs.

Method of Major Program Selection

The risk based approach was used in the selection of federal programs to be tested as major programs. The City did not qualify as a low-risk auditee for the fiscal year ended June 30, 2011.

Amount Provided to Subrecipients

The City had no major programs that provided amounts to subrecipients.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

Type A and Type B programs:	\$300,000
Auditee qualified as low-risk auditee?	ves X no

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

SECTION II FINANCIAL STATEMENT FINDINGS AND RESPONSES

None reported.

SECTION III
FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

None reported.

SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS FOR THE YEAR ENDED JUNE 30, 2011

STATUS OF PRIOR YEAR AUDIT FINDINGS

2010 - 1. Management of Sales Tax Payable and Customer Deposits

For the year ended June 30, 2010, we noted the City did not properly record its sales taxes payable and customer deposit liability items within the Electric Revenue Fund.

Status: The above finding was corrected for the year ended June 30, 2011 in the specific context noted in the prior year finding.

2010 - 2. Management of Grant Revenues and Receivables

For the year ended June 30, 2010, the City did not properly record various year end grants receivable in the City's funds.

Status: The above finding was corrected for the year ended June 30, 2011 in the specific context noted in the prior year finding.

2010 - 3. Special Revenue Fund Budgets

For the fiscal year ending June 30, 2011, no annual budget was adopted for the CHIP 2008 Fund and the Neighborhood Stabilization Fund in accordance with the Official Code of Georgia (OCGA) Sections 36-81-2 through 36-81-6.

Status: The above finding was corrected for the year ended June 30, 2011 in the specific context noted in the prior year finding.
