INTRODUCTORY SECTION

November 4, 2019

Honorable Members of the Board of Commissioners
Citizens of the City of Griffin
City of Griffin, Georgia 30223

Ladies and Gentlemen:

The Comprehensive Annual Financial Report (CAFR) of the City of Griffin, Georgia for the fiscal year ended June 30, 2019, is submitted herewith. In doing so, the City complies with State of Georgia, [O.C.G.A. § 36-81-7\(a\)\(1\)](#), that requires the governing authority of each unit of local government having a population in excess of 1,500 persons according to the latest estimate of population by the United States Bureau of the Census or its successor agency or expenditures of \$300,000.00 or more shall provide for and cause to be made an annual audit of the financial affairs and transactions of all funds and activities of the local government for each fiscal year of the local government.

Responsibility for both the accuracy of the data and the completeness and fairness of presentation, including disclosures, rests with the City. We believe the data presented is accurate in all material respects and that it is presented in a manner designed to fairly set forth the financial position and results of operations of the City as measured by the financial activities of its various funds. All disclosures necessary to enable interested citizens to gain a reasonable understanding of the City's financial activities have been included.

Mauldin & Jenkins, Certified Public Accountants, LLC, has issued an unmodified opinion on the City of Griffin's financial statements for the fiscal year ended June 30, 2019. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

The City of Griffin receives financial assistance through various federal grant programs. As required by the Single Audit Act Amendments of 1996 and the provisions of Uniform Guidance, audits of programs receiving federal grants have been performed for the fiscal year ended June 30, 2019. The required reports on supplementary information, compliance, internal controls, and various supplementary schedules are included under the Compliance Section.

The City of Griffin has prepared the financial statements to meet the current applicable requirements of the Governmental Accounting Standards Board (GASB), and in conformity with Generally Accepted Accounting Principles (GAAP).

Formal Transmittal

This report consists of management's representations concerning the finances and policies of the City of Griffin. Consequently, management assumes full responsibility for the completeness and reliability of all of the information contained in this report. To provide a reasonable basis for making these representations, management of the City of Griffin has established a comprehensive internal control framework that is designed to protect the City's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the City of Griffin's financial statements in conformity with GAAP.

Profile of the Government

- *Population* – The City of Griffin is a municipal corporation created and existing under the laws of the State of Georgia and has as its formal name the “City of Griffin”. The City is located in the central portion of the State of Georgia approximately 40 miles south of the City of Atlanta. Griffin is centrally located in and is the county seat of Spalding County. The City was originally chartered in 1843. The City presently has a land area of approximately 14 square miles, is situated at approximately 943 feet above sea level, and has a population of 23,643.
- *General structure* – The City of Griffin is empowered to levy a property tax on both real and personal properties located within its boundaries. It is also empowered by the State to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the governing Board.

The City's form of government is commission-manager. In accordance with the City's Code of Ordinances and Charter, specifically [Article I and II](#), all legislative powers are vested in a Board of Commissioners composed of seven members. The City is divided into six single-member election districts and one at-large election district. Six commissioners are elected by the registered voters residing within each respective single-member district, and one commissioner is elected by all registered voters of the City. Each candidate for commissioner must be a citizen of the State of Georgia and a resident of the City for at least twelve months, must have attained the age of 18 years, must be a qualified elector, must be a resident of the election district from which he or she offers as a candidate on the date of qualifying, must not have been convicted of a felony involving moral turpitude (unless such person's civil rights have been restored and at least ten years have elapsed from the date of the completion of the sentence without a subsequent conviction of another felony involving moral turpitude), and must not be the holder of public funds illegally. Members of the Board of Commissioners serve four-year terms of office. The Board is elected on a non-partisan basis, and serves staggered terms. Elections are held every two years with three Commissioners on one cycle and four Commissioners on the next cycle.

The Board of Commissioners elects one of their members to serve as Chairman of the Board of Commissioners for a term of office of one year. No Commissioner is eligible to succeed him/herself as Chairman. The Chairman holds the position of Honorary Mayor. The

Growing, TOGETHER

Chairman presides at all meetings of the Board of Commissioners that he/she attends and is entitled to vote on all questions, motions, or matters brought to the Board of Commissioners for action.

Under the City's Charter, a full-time City Manager is employed by and serves at the pleasure of the Board of Commissioners. The City Manager is the Chief Operating Officer of the City government and is responsible for the efficient administration and day-to-day operations of all departments.

- *Types and levels of services* – The City of Griffin is a “full service” municipality that offers: water, wastewater, electricity, sanitation, public safety, and fiber technology. This includes police and fire protection; the construction and maintenance of streets, and other infrastructure; recreational and cultural activities including an eighteen-hole golf course. The City owns and operates approximately forty-one miles of dark fiber network providing the most advanced technology of fiber applications to the City of Griffin and Spalding County facilities. Having and owning a fiber network, the City has the opportunity to offer high-level, top performing network access to both large and small commercial businesses located within and around the City. Each service area mentioned functions as a department of the City and, therefore, included as an integral part of the City's financial statements.
- *Component units* – Component units are functions of the City that are legally separate entities. These entities are in substance part of the City's operations and, therefore, financial data from these is present in the CAFR.
 - *City of Griffin Main Street Program (Main Street)*: The Main Street program serves as a “community-driven” initiative focused on revitalizing older and more traditional business districts. The underlying premise of the Main Street concept is to encourage and foster economic development within the context of historic preservation in ways that are appropriate for today's marketplace.
 - *City of Griffin Downtown Development Authority (DDA)*: The DDA is responsible for the revitalization strategy for Downtown Griffin. The DDA's mission is to encourage economic activity in Griffin's central business district by attracting businesses, residents, and visitors. The DDA works closely with the City's Planning and Development Department and Main Street program in assisting new businesses through the permitting process.
 - *City of Griffin – Spalding County Airport Authority*: The Airport Authority was formed in 2012 under an Intergovernmental Agreement (IGA) with the City of Griffin and Spalding County to provide financial support for airport operations. The City and County are working in partnership on a \$60 million dollar economic development project to relocate and expand the existing Griffin-Spalding County Municipal Airport.

The Federal Aviation Administration (FAA) will fund this project at 90 percent with FAA Airport Improvement Program (AIP) Trust Fund dollars and the City and

County will jointly fund the remaining 10 percent in local matching funds, depending on the amount of Georgia Department of Transportation (GDOT) participation. The project, already well underway, and we estimate 5 years to completion.

Progress update (1): In 2012, the Airport Authority under FAA requirement commenced an Environmental Assessment that concluded in March 2013 with no significant findings. In FAA official terms, Finding No Significant Impact (FONSI).

Then, in 2014, in conjunction with GDOT, the Airport Authority submitted and received the defined airport property development area with final approval granted in 2015.

Currently, the Airport Authority is in the process of producing a Supplemental Environmental Assessment (SEA) based on its Airport Land Acquisition Phasing Plan (ALAPP). Georgia Department of Transportation has accepted the Airport Layout Plan (ALP). The ALP is on its way through the multi-agency review process.

Progress update (2): As part of the approximate 60 million dollar replacement Griffin-Spalding County Airport project, the Airport Authority is nearing completion of Phase-1 for Land Acquisition. Phase-1 is the GDOT/FAA approved purchase in accordance with Federal Land Acquisition and Relocation Regulations, for the first set of 41 parcels of land out of approximately 55 to 60 parcels pending acquisition. To date, the Airport Authority acquired 39 of the 41 approved parcels. Following Land Acquisition, we will move into Phase-2 Land Acquisition and Phase-1 Demolition, followed by land clearing, grading and installation of drainage controls. Soon after, runway and taxiway construction will follow.

- *Budget process* – In accordance with the State of Georgia, [O.C.G.A. § 36-81-3](#), the City’s annual budget serves as the foundation for the City of Griffin’s financial planning, control and professional management of City resources. The budget provides for setting priorities, and an orderly means of controlling cash flows and disbursements. All departments of the City of Griffin are required to submit requests for appropriations to the City Manager on or about March 1. The City Manager uses these requests as a starting point for developing a proposed budget. The City Manager then presents the proposed budget to the Board of Commissioners for review, prior to May 15. The Board of Commissioners is required to hold public hearings on the proposed budget and to adopt a final budget no later than June 30; (the close of the City’s fiscal year).
- *Governmental funds with an annual appropriated budget* – The annual budget is prepared by fund, function, and department, for example: General Fund, Public Safety, Police, etc... Budget to actual comparisons are provided in this report for each individual fund for which an appropriated budget has been adopted. For the general fund, this comparison extends to the department level. Budget and actual comparisons for all governmental funds are presented in the other Required Supplementary Information (RSI) section of the financial statements.
- *Legal level of budgetary control* – The legal level of budgetary control is at the fund and department level. Department directors are allowed to make transfers within appropriated

categories within the operational division. The Board of Commissioners approves appropriations budget revisions between departments. Budgetary control is maintained with monthly reviews of actual results compared to budget and with budget confirmation prior to the issuance of a purchase order.

City of Griffin's Economic Condition

- *Local economy* – During the past seven years, the City experienced and withstood nominal fluctuations in the housing market, the shifting of businesses in and out of City limits, and transition toward more food and beverage establishments. The latest real estate gross tax digest shows slight increases in overall market value. Through conservative planning and foresight, the City's Board of Commissioners held the City's property tax rate at 7.639 mils.

Diversified revenues come from two sources of activities: governmental and business-type activities. Governmental activities (or program revenues) include revenues from property taxes, sales taxes, charges for services, fines and forfeitures, and donations. Business-type activities (enterprise) are those functions that the City provides and operates for profit generation geared for reinvestment into infrastructure. Examples of infrastructure investment are electrical supply (power lines), water distribution (underground pipes), solid waste services (environmental cleanup), and City-County municipal airport.

The City of Griffin has an historic downtown filled with architecture and hometown feel. Driven by the service industry, this area provides small town charm with contemporary amenities and services. The greater region has a varied manufacturing and industrial base. As a region, the area has seen a one-point drop in unemployment rate to 3.7 compared to 5.0 from the prior year ([Three Rivers Region Unemployment Rate](#)). Major industries with corporate headquarters or divisions located within or near the City include medical, manufacturing, automotive parts, materials and packaging, retail (with specialty shops), and real estate development.

To facilitate the relocation of businesses within the City of Griffin, the Board of Commissioners has adopted numerous incentive programs such as the Opportunity Zone, Enterprise Zone, Tax Allocation District, and Utility Incentive Program. Each of these programs would provide a business looking to expand or relocate job tax credit, property tax abatement, infrastructure bonding and utility rate reductions. The economic future in Griffin is bright and getting brighter.

- *Long-term financial planning* – The City has a [2018-2038 Comprehensive Plan \(PLAN\)](#). The PLAN can be found on the City's website at www.cityofgriffin.com under Planning & Development. For more information and assistance, please contact Mr. Toussaint Kirk, Department Director at 770-233-4130. The PLAN provides a rational basis for municipal decision-making on matters that relate to the City's future. Matters range from protecting community values and guiding growth to providing adequate and quality community services. This document provides for economic development, land use, housing, and transportation.

Growing, TOGETHER

The intent of the PLAN is to guide and encourage the location, amount, type and timing of future development, supporting facilities, and securing the fiscal resources sufficient to address community needs.

- *Relevant financial policies* – In developing and evaluating the City’s accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) safeguarding of assets against loss from unauthorized use or disposition, and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of control should not exceed the benefits likely to be derived, and (2) the evaluation of costs and benefits require estimates and judgments by management.

All internal control evaluations occur within the framework as mentioned above. We believe the City’s internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

The City operates under and maintains its Financial Management Program (FMP) policies. The FMP sets fiscal policies and guidelines, for example: investments, such as income generation, target rate of return, time horizon, asset allocation, restrictions, and maximum amounts per any one instrument. The Cash Receipts policy governs how the City receipts cash throughout operations and by what means.

The objective of the City’s budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Commissioners. Under State law, all expenditures are subject to an annual appropriation. Strict controls are in place to ensure that expenditures do not exceed appropriations at either the departmental or fund levels. Unutilized encumbrances (unexpended funds) lapse at the fiscal year end. Multi-year capital funds (or projects) may show a reservation of fund balance.

- *Retirement Plan, Defined Contribution Plan, and Other Post-Employment Benefits* – The City is a participant in the Georgia Municipal Employees Benefit System (GMEBS), an agent multiple-employer pension plan administered by the Georgia Municipal Association. On October 24, 2017, the City amended the GMEBS Retirement Plan to increase the multiplier to 2.0% from 1.5% effective, July 1, 2018, and added a retirement provision for City Commissioners, effective December 31, 2017. As a matter of policy, the City fully funds each year’s annual required contribution to the pension plan as determined by the actuary. The City also offers a 457(B) Defined Contribution Plan, adopted August 10, 2010, and 401(A) defined contribution (2% employer match) open to all regular and full-time employees. Subsequently, on May 22, 2018, the City amended the 401(A) Defined Contribution Plan to eliminate the 2% match. See notes to financial statements, Note 7 for more detailed information about the Pension Plan.

The City also provides Other Post-Employment Benefits (OPEB) for health care to retirees on a pay-as-you-go basis. The OPEB plan provides a subsidy for medical and dental insurance benefits to eligible retirees. Benefit provisions and contribution requirements are established

and may be amended by the City Commission. See notes to financial statements, Note 16 for more detailed information about Other Post-Employment Benefits.

- *Major initiatives –*
 - *Housing Revitalization* – Redevelopment/Revitalization is one of the most effective ways to breathe new life into deteriorated areas plagued by social, physical, environmental or economic conditions that act as a barrier to new investment by private enterprise. Through redevelopment, we use various catalysts to focus attention and financial investment to reverse deteriorating trends, create jobs, revitalize the business climate, rehabilitate and construct new homes that add to the City’s housing stock. Meriwether Homes Redevelopment is a three-phase redevelopment of an existing public housing development known as Meriwether Homes in the City of Griffin, Spalding County, Georgia. The first phase of this project, for families consisting of 88 mixed income units, has the distinction for Low-Income Housing Tax Credits (LIHTC) as of 2013. Construction began in the fall of 2014 and was subsequently completed in the fall of 2015. We completed Phase II of the redevelopment project in December 2017. The 85 units consist of housing for age 55 and older persons. The unit mix of Phase II will consist of one and two bedroom units. The 85 mixed income units will serve a wide range of households, ranging from zero to 60% of the Area Median Income. Phase III is a continuation of Phase II offering an additional 64 units to the mix. These units will overlook the Griffin Municipal Golf Course.
 - *Blight Removal* – The goal is to enhance neighborhood vitality through removing debris and overgrown vegetation, securing structurally sound buildings, and demolishing those that are a blight to the neighborhood and community. Stable neighborhoods instill pride and foster reinvestment. We continue to work in an effort to address barriers to redevelopment using resources provided by the U.S. Housing and Urban Development through its Community Development Block Grant (CDBG), Neighborhood Stabilization Program (NSP) and other program initiatives to ensure safe, quality, long-term affordable housing for all residents. In conjunction with a program to demolish a minimum of thirty-five (35) houses per year through the City’s Nuisance Abatement Program, the City formed a partnership with the Griffin Housing Authority and the Land Bank Authority. This alliance works to establish affordable housing opportunities for residents, and establish a housing rehabilitation program that assists low-income homeowners with repairs for substandard housing conditions.
 - *Community Development Block Grants* – The City received over \$5.0 million in Community Development Block Grants (CDBG) in the past eight years. The purpose of these grants is to assist the City in accomplishing multi-infrastructure improvements. Specifically, CDBG funds helped replace or rehabilitate 6.68 miles of water mains, 2.3 miles of sewer lines, replace 109 sewer manholes, renew 700 water services lines, and install 69 new fire hydrants.
 - *Water and Wastewater Infrastructure* – Shoal Creek Wastewater Treatment Plant upgrade project will cost around \$8 million in order to replace the headworks and dewater

settling ponds. The City is working in partnership with Georgia Environmental Facilities Authority (GEFA) for financing. Heads Creek Reservoir Dam is currently under review and the cost estimate is approximately 7 million dollars.

- *Transportation Planning* – The City and County are working together on transportation projects and funding in the form of Special Purpose Local Option Sales Tax (SPLOST). Over the next five years, the City will coordinate approximately \$5 million for paving city streets and spend roughly \$1.3 million on traffic signal upgrades throughout the City. Intersection and pedestrian crosswalk improvements will occur depending on available funding.
- *Incentives* – The City offers numerous incentive programs, in addition to Opportunity and Enterprise Zones, such as Tax Allocation Districts (or Tax Increment Financing), job tax credits, and infrastructure bonding. More specific programs are available such as:
 - Semi-Annual Façade Grant Programs the offer up to \$5,000 of the cost to renovate the exterior of your new business location.
 - The City offers up to \$250,000 available credit financed at 2% interest rate for 40% of your project through the state Downtown Development Revolving Loan Fund.
 - An additional \$250,000 available at a 3.5% interest rate, from the Georgia Cities Fund, for a project where 40% of your project exceeds \$250,000.
 - Up to \$10,000 available at a low interest rate from the DDA’s Internal Revolving Loan Fund.
 - Discounted Design Assistance for buildings located in the Main Street District.
 - Direct, Dedicated (or Shared) Fiber Optic Internet available through The City of Griffin Fiber Program.
 - FREE Business plan and general business educational support through the UGA Small Business Development Center.
 - Up to a 30% reduction on electric, water/sewer, and solid waste rates for the first three years as a new business.
 - Part of the Downtown is located in an Enterprise Zone that allows for partial abatement of post-assessed rehabilitation property taxes.
 - Almost all of the Downtown is located within a Federal Opportunity Zone that allows an investor to defer tax on prior gains invested in a Qualified Opportunity Fund and reinvest those gains for additional tax-free gains in a business or property located within the Federal Enterprise Zone.
 - Based on the amount of capital to be invested in your project; the amount of new jobs created; and the utility demands of the space, there may be additional incentives, not listed here, that can be offered.

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Griffin, Georgia for

Growing, TOGETHER

its comprehensive annual financial report for the fiscal year ended June 30, 2018. This was the 15th consecutive year that the City of Griffin has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The timely preparation and publication of this Comprehensive Annual Financial Report represents significant effort of the Accounting and Finance Divisions of the Department of Administrative Services, as well as the excellent cooperation and assistance of City of Griffin employees and independent auditors, Mauldin & Jenkins, Certified Public Accountants, LLC, who contributed to its preparation. In particular, we wish to express our appreciation to the Accounting and Finance staff who were responsible for assimilating and compiling the data comprising this report.

We express our sincere appreciation to the Board of Commissioners, City Manager, and Department Directors for their assistance and leadership throughout the year in matters pertaining to the financial affairs of this great City.

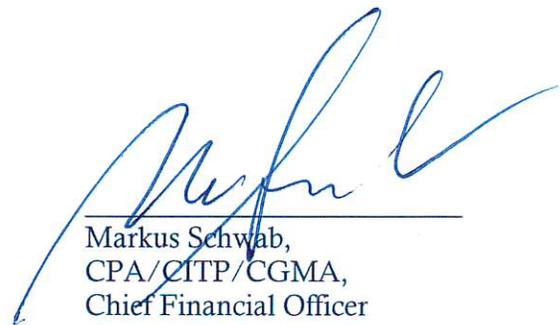

Respectfully submitted,

 Kenny L. Smith,
 City Manager

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

**To the Honorable Mayor and Members
of the City Commission
Griffin, Georgia**

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the **City of Griffin, Georgia** (the "City"), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 4 through 12), the Schedule of Changes in the City's Net Pension Liability and Related Ratios (on page 77), the Schedule of City Contributions – Retirement Plan (on page 78), the Schedule of Changes in the City's Net OPEB Liability and Related Ratios (on page 79), and the Schedule of City Contributions – OPEB Plan (on page 80) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedules of expenditures of special purpose local option sales tax proceeds is presented for purposes of additional analysis as required by the Official Code of Georgia 48-8-121, and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, the schedules of expenditures of special purpose local option sales tax proceeds, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, the schedules of expenditures of special purpose local option sales tax proceeds, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 4, 2019, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Mauldin & Jenkins, LLC". The signature is written in a cursive, flowing style.

CITY OF GRIFFIN, GEORGIA

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2019

As management of the City of Griffin, Georgia (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City of Griffin, Georgia for the fiscal year ended June 30, 2019. We encourage readers to read the information presented here in conjunction with the additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

FINANCIAL HIGHLIGHTS

- The assets of the City including plus deferred outflows of resources exceeded its liabilities at the close of the most recent fiscal year by \$164,803,288 (*net position*). Of this amount, \$43,529,707 (*unrestricted net position*) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$12,390,527 during the year. This is due primarily to the increase in capital assets of \$25,349,678. The majority of this relates to Water Wastewater capital improvements.
- As of the close of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$26,001,192, a decrease of \$1,357,798 in comparison with the prior year.
- At the end of the current fiscal year, fund balance for the General Fund was \$11,839,060 or 43.7% of total General Fund expenditures.
- The City's total long-term liabilities increased by \$7,633,749 during the current fiscal year. This included the City's Net Pension Liability of \$19,725,252.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City of Griffin's basic financial statements. The City's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Griffin's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all the City's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of the related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

MANAGEMENT'S DISCUSSION AND ANALYSIS

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, judicial, public safety, public works, parks and recreation, and housing and development. The business-type activities of the City include water and wastewater, electric, solid waste, stormwater, telecommunications, welcome center operations, and golf course operations.

The government-wide financial statements can be found on pages 13 and 14 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains 20 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and 2016 SPLOST Fund only, because they are considered major funds. Data from the other 18 governmental funds (13 special revenue funds, three capital projects funds, and 2 permanent funds) are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 15 – 19 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Proprietary funds. The City maintains two types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its Water/Wastewater Utility Fund, Electric Utility Fund, Solid Waste Fund, Stormwater Utility Fund, Telecommunications Fund, Welcome Center Fund, and the Golf Course Fund. *Internal service funds* are an accounting device used to accumulate and allocate costs internally across the City's various functions. The City uses an internal service fund to account for its motor vehicle fleet. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water/Wastewater Utility Fund, Electric Utility Fund, and Solid Waste Fund, all of which are considered to be major funds of the City. Conversely, the nonmajor enterprise funds and the internal service funds are combined into single, aggregated presentations in the proprietary fund financial statements. Individual fund data for the nonmajor enterprise funds is provided in the form of *combining statements* elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 20 – 27 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on page 28 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29 – 76 of this report.

Other information. The combining statements referred to earlier in connection with nonmajor governmental funds and enterprise funds are presented immediately following the notes to the financial statements. Combining and individual fund statements and schedules can be found on pages 77 – 101 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$164,803,288 at the close of the most recent fiscal year.

MANAGEMENT'S DISCUSSION AND ANALYSIS

By far the largest portion of the City's net position (63.8%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Deferred inflows of resources	3,595,192	2,312,689	2,364,768	1,621,566	5,959,960	3,934,255
Net position:						
Net investment in capital assets	33,376,373	27,223,308	71,716,224	69,396,942	105,092,597	96,620,250
Restricted	13,980,926	15,393,224	2,200,058	2,632,901	16,180,984	18,026,125
Unrestricted	1,776,781	3,066,557	41,752,926	34,699,829	43,529,707	37,766,386
Total net position	<u>\$ 49,134,080</u>	<u>\$ 45,683,089</u>	<u>\$ 115,669,208</u>	<u>\$ 106,729,672</u>	<u>\$ 164,803,288</u>	<u>\$ 152,412,761</u>

A portion of the City's net position (9.8%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (\$43,529,707) may be used to meet the City's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the City as a whole, as well as for its separate governmental and business-type activities, with the exception of the Police Technology Fund and the Solid Waste Fund. The Police Technology Fund's deficit fund balance of (\$5,894) is the result of timing differences and will be reduced through intergovernmental revenues and general fund transfers. The Solid Waste Fund's deficit net position of (\$5,418,333) is the result of an adjustment to the closure/post-closure care costs. The Department of Natural Resources permitted a new phase for the C&D Landfill. We filled in the original phase which increased post-closure costs by \$858,568. The remainder is the result of implementation of GASB 68 and 71 and will be reduced through charges for services.

Governmental activities. Governmental activities during the fiscal year ended June 30, 2019, increased the City of Griffin's net position by \$3,450,991. Business-type activities during the same period increased net position by \$8,939,536 for a total increase in net position of \$12,390,527.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Key elements of this increase are as follows:

	City of Griffin's Changes in Net Position					
	Governmental Activities		Business-type Activities		Total	
	2019	2018	2019	2018	2019	2018

Change in net position	<u>3,450,991</u>	<u>6,205,734</u>	<u>8,939,536</u>	<u>8,019,296</u>	<u>12,390,527</u>	<u>14,225,030</u>
OPEB prior period adjustment	<u>-</u>	<u>932,701</u>	<u>-</u>	<u>494,717</u>	<u>-</u>	<u>1,427,418</u>
Net position, beginning	<u>45,683,089</u>	<u>39,477,355</u>	<u>106,729,672</u>	<u>98,710,376</u>	<u>152,412,761</u>	<u>138,187,731</u>
Net position, ending	<u>\$ 49,134,080</u>	<u>\$ 45,683,089</u>	<u>\$ 115,669,208</u>	<u>\$ 106,729,672</u>	<u>\$ 164,803,288</u>	<u>\$ 152,412,761</u>

As can be seen above, the governmental activities show a deficit of revenues over expenses before transfers of \$4,230,623 and \$681,807 for 2019 and 2018, respectively. These deficiencies are normal and consistent throughout all fiscal years. This increase in revenues was primarily due to more capital grants in fiscal year 2019 as compared to fiscal year 2018. The City relies on the superior earnings of the enterprise funds (specifically the Water/Wastewater and Electric Funds) to subsidize the operations of the General Fund. The transfer from those funds can be thought of as dividends paid to stockholders or return of equity to the owners of a business, and they can be used for whatever purpose the City Commission decides is best for the City.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Traditionally, the City has relied upon those transfers to maintain the ad valorem tax rates at a reasonable level. In the absence of those transfers, the City would either have to raise the shortfall in revenues through increases in user fees or taxes, or to cut back the level of services it provides to the citizens.

Business-type activities. The City's business-type activities which include the Water/Wastewater Fund, Electric Utility Fund, Solid Waste Fund, and four nonmajor funds increased net position by \$9,351,279 in 2019 and increased net position by \$7,828,385 in 2018.

City of Griffin Enterprise Net Operating Income (Loss) Nonoperating Revenues (Expenses) and Transfers (Fund level)

	2019	2018
Net operating income (loss):		
Water/Wastewater Fund	\$ 7,901,690	\$ 7,058,756
Electric Utility Fund	10,867,141	9,956,596
Solid Waste Fund	(1,515,427)	(661,286)
Nonmajor Enterprise Funds	(8,042)	253,032
Total net operating income	17,245,362	16,607,098
Nonoperating expenses and capital contributions	(212,469)	(1,207,237)
Income before transfers	17,032,893	15,399,861
Net transfers out	(7,681,614)	(7,571,466)
Changes in net position	\$ 9,351,279	\$ 7,828,395

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. This information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of 2019 and 2018, the combined ending fund balances of the City's governmental funds were a positive \$26,001,192 and a positive \$27,358,990, respectively. This decrease was due to a variety of minimal changes from prior years. At June 30, 2019, \$11,598,542 of the ending fund balance consists of unassigned fund balance, which is available as working capital for current spending in accordance with the purposes of the specific funds. A portion of the fund balance at June 30, 2019, \$3,174,294, is termed non-spendable to indicate that it is not available for new spending because it is not in spendable form (i.e., prepaid items, assets held for resale and permanent fund principle). The remainder of \$11,228,356 is restricted for assets held for resale, law enforcement needs, cemetery maintenance, and capital projects.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The General Fund is the primary operating fund of the City. It accounts for many of the City's core services such as law enforcement, fire protection, planning, roads and streets, and administration. At the end of 2019, the General Fund had a positive fund balance of \$11,839,060. This is an increase of \$25,773 from the beginning fund balance. This is primarily due to the expenditures in the General Fund coming in \$1,591,369 under budget. Specifically, the category of administrative services and street department came in under budget \$523,311 and \$311,597, respectively.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The net position of the City's enterprise funds increased by \$8,939,536 in 2019, and by \$7,828,395 in 2018. This increase is primarily a result of revenues exceeding expenses before transfers and capital contributions of \$16,773,531 in 2019, and \$14,806,266 in 2018.

Capital Asset and Debt Administration

Capital Assets. At the end of the fiscal year ended June 30, 2019, governmental activities and business-type activities had capital assets of \$197,968,739 (net of accumulated depreciation) invested in land, buildings, system improvements, infrastructure, and machinery and equipment. The total increase in the City's investment in capital assets for the current fiscal year was 8.10% (a 12.43% increase for governmental activities and a 6.97% increase for business-type activities). The total increase in capital assets was due mostly to various construction projects in the SPLOST and improvements to Water/Waste Water fund infrastructure.

City of Griffin's Capital Assets (net of depreciation)

	Governmental Activities		Business-type Activities		Total	
	2019	2018	2019	2018	2019	2018
Land	\$ 2,878,199	\$ 2,822,161	\$ 7,720,403	\$ 7,720,403	\$ 10,598,602	\$ 10,542,564

Additional information on the City's capital assets can be found in Note 5 on pages 48 – 51 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Debt Administration. At the end of June 30, 2019, the City had \$23,650,937 of outstanding long-term liabilities related to governmental activities and \$97,431,308 of long-term liabilities related to business-type activities for a total of \$121,082,245 compared to the previous year's total of \$113,448,507. This is an increase of \$8,849,917, the majority of which is the result of notes payable in the water fund for major capital improvements. At the end of 2019, the City had total revenue bonded debt outstanding of \$48,335,655 as compared to \$51,308,377 in 2018. The debt is secured solely by specified revenue sources (i.e., revenue bonds). The majority of the bonded debt outstanding is from the refunding of the issuance of \$64,385,000 of Combined Public Utility Revenue Refunding and Improvement Bonds (Series 2002) in 2012. These bonds, along with other available funds were used to refund \$6,210,000 of the Series 1993A bonds, initially fund approximately 33 months of interest on the Series 2002 bonds, and construct improvements and a new regional water supply system for the Water/Wastewater Fund. The issuance of the series 2012 refunding bonds allowed for a net savings to the City of approximately \$8.2 million. The City received a rating from Moody's on this issuance of Aa3 and a rating from Standard & Poor's of AA-.

Additional information on the City's debt can be found in Note 6 on pages 51 – 60 of this report.

Currently Known Conditions Affecting Future Operations

We are expecting the tax digest to increase this year. The backlog of tax appeals in the appraisers' office have mostly cleared. The added strength in the tax digest, along with the upturn in the economy, will positively affect City operations in the area of increased sales tax receipts and other general fund revenues. We continue to monitor economic indicators for trending and will amend our forecasts accordingly.

Factors Affecting the FY19 – FY20 Budget

The Commission of the City of Griffin considered many factors when approving the City's 2019 budget and are very aware of present economic conditions and their effect on its citizens. The Commission chose to continue to use transfers from the business-type activities to the governmental activities instead of increasing taxes or rates within the governmental activities. There were no contemplated increases to the rates of the business-type activities.

Annually, the City Manager submits to the Commission a proposed operating budget for the coming fiscal year which is required to be approved prior to June 30. Public hearings are held prior to adoption to allow citizens the opportunity to comment on the proposed budget.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Budgets are adopted for the General Fund, all special revenue funds, all capital projects funds, and the City's enterprise funds. Budgets for the enterprise funds are prepared for planning and control purposes only. The legal level of budgetary control is the department level, with the Commissioners being the only body authorized to make amendments to the budget. During the year, there were no significant increases in appropriations between the original budget and the final amended budget for the City's General Fund.

Requests for Information

This financial report is designed to provide a general overview of the City of Griffin's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Mr. Kenny Smith, City Manager, at the City of Griffin, P.O. Box T, Griffin, Georgia 30224.

CITY OF GRIFFIN, GEORGIA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds.	\$ (1,357,798)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	4,766,522
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	53,323
Internal service funds are used by management to charge the costs of certain functions to individual funds. The net revenue of certain activities in the internal service funds is reported with governmental activities.	476,963
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.	1,678,237
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	<u>(2,166,256)</u>
	<u>\$ 3,450,991</u>

The accompanying notes are an integral part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

CITY OF GRIFFIN, GEORGIA

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Griffin, Georgia (the “City”) have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”) as applied to government units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City’s accounting policies are described below.

A. The Financial Reporting Entity

The City was chartered in 1843 and operates under a Commission – City Manager form of government. The City Manager is the head of the administrative branch of government. As such, he is responsible for the day-to-day operations of city government. The legislative authority of the City is vested in a seven-member Commission including an elected Chairperson and an appointed City Manager. The City provides the following services and operations as authorized by its charter: public safety (police and fire); public works; parks and recreation; housing and development; and public utilities (water, sewer, stormwater, electric, and solid waste). As required by accounting principles generally accepted in the United States of America, these financial statements include the accounts of all City operations and all activities of the City.

As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the City (the primary government) and its component units. The component units discussed below are included in the City’s reporting entity because of the significance of their operational and financial relationship with the City.

In conformity with generally accepted accounting principles, as set forth in the Statement of GASB No. 61, *The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34*, the component units’ financial statements have been included as either blended or discretely presented. All of the City’s component units have a June 30 year-end. As of June 30, 2019, the City does not have any blended component units.

Discretely Presented Component Units

The City of Griffin Main Street Association (the “Main Street”) – The City Commission appoints several positions of Main Street’s board with additional positions being appointed by various organizations. There are twelve members plus two ex-officio officers. Budget requests for Main Street are submitted to the City Commission for approval, with the City Commission possessing the authority to amend the budget. The City provides approximately 80% of Main Street’s annual operating budget. Separate financial statements for Main Street are not prepared.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. The Financial Reporting Entity (Continued)

Discretely Presented Component Units (Continued)

The City of Griffin Downtown Development Authority (the “DDA”) – The City Commission appoints all seven members of the DDA’s board (one of which is an elected member of the City Commission). Budget requests for the DDA are submitted to the Commission for approval, with the City Commission possessing authority to revise the budget. The City also provides for a substantial portion of the DDA’s annual budget. Separate financial statements for the DDA are not prepared.

The City of Griffin Business and Tourism Association (the “Association”) – The City Commission appoints all of the members of the Association’s board. The Board members consist of the City Commission Chairman, the City Manager, the City Attorney, and the City Finance Director. Budget requests for the Association are submitted to the Commission for approval, with the City Commission possessing authority to revise the budget. The City also provides for approximately 100% of the Association’s annual budget. Separate financial statements for the Association are not prepared.

The Griffin-Spalding County Airport Authority (the “Airport Authority”) – The Georgia General Assembly, via House Bill 1261 and Act 536, created the Griffin-Spalding County Airport Authority effective July 1, 2012. The City Commission appoints five of the nine member Airport Authority board. The City and the County have mutually agreed to fund one-half of the annual shortfall in revenues required to fund the Airport Authority’s budget in future years. Due to these factors and due to the City maintaining the administrative functions of the Authority, the City has elected to include the Airport Authority operations as a component unit of the City. Separate financial statements for the Airport Authority are not prepared.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-wide and Fund Financial Statements (Continued)

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and the fiduciary fund financial statements, although the agency funds have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis* of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, licenses, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **2016 SPLOST Fund** accounts for capital projects of the City from resources provided by the 2016 special Spalding County 1% sales and use tax.

The City reports the following major proprietary funds:

The **Water/Wastewater Utility Fund** accounts for the provision of water and sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund.

The **Electric Utility Fund** accounts for the provision of electrical services to the residents of the City. All activities necessary to provide such services are accounted for in this fund.

The **Solid Waste Fund** accounts for the activities of the City's solid waste management operations. All activities necessary to provide such services are accounted for in this fund.

Additionally, the City reports the following fund types:

The **Special Revenue Funds** account for revenue sources that are legally restricted to expenditure for specific purposes.

The **Capital Projects Fund** accounts for the acquisition of capital assets and construction or improvement of major capital projects such as construction of new roads.

The **Permanent Funds** are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting of the City's programs.

The **Internal Service Funds** are used to account for the City's payroll as well as the rental of motor vehicles and equipment to other departments and related costs of the City, on a cost reimbursement basis.

The **Agency Fund** is used to account for the collection and disbursement of monies by the City's Municipal Court on behalf of other governments and individuals.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's water and wastewater function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services provided. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Budget requests are completed in April.
2. Proposed budgets are reviewed and prepared by the City Manager for submission to the Mayor and the City Commission in May.
3. Public hearings on the proposed budget are held in May and June.
4. The budget is legally adopted by the Mayor and City Commission prior to June 30.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Budgets and Budgetary Accounting (Continued)

5. All budget revisions or changes must be approved as required by Georgia law and administrative policy. Transfer of budgeted amounts in excess of \$5,000 between departments requires the approval of the City Commission. This is consistent with the legal level of budgetary control as the budget is adopted at the department level. Revisions that alter the total expenditures of any department or fund must be approved by the City Commission. The City Commission made several immaterial supplemental budget appropriations during the year.
6. Legally adopted budgets and formal budgetary integration is employed as a management control device during the year for all the following funds: General, all special revenue funds, and the enterprise funds. Budgets for the enterprise funds are prepared for planning and control purposes only.
7. Budgets for the governmental funds and the enterprise funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America.
8. Revenues and expenditures of the capital projects funds are budgeted on a project basis and are, therefore, excluded from presentation in the financial statements.

E. Cash and Cash Equivalents

Cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Generally, only investments with original maturities of three months or less meet this definition.

F. Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Deposits and Investments (Continued)

State statutes authorize the City to invest in obligations of the U.S. Government and agencies of corporations of the U.S. Government; obligations of any state; obligations of any political subdivision of any state; certificates of deposit or time deposits of any national state bank or savings and loans which have deposits insured by the FDIC or FSLIC; prime bankers' acceptances; repurchase agreements; and the Local Government Investment Pool of the State of Georgia ("Georgia Fund 1"). Georgia Fund 1 was created under Official Code of Georgia Annotated ("O.C.G.A.") § 36-83-8 and is a stable asset value investment pool, which follows Standard and Poor's criteria for AAAf rated money market funds and is regulated by the Georgia Office of the State Treasurer. The pool is not registered with the SEC as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1 per share value). The asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participants' shares sold and redeemed based on \$1 per share. The pool also adjusts the value of its investments to fair market value as of year-end and the City's investment in the Georgia Fund 1 is reported at fair value. The City considers amounts held in Georgia Fund 1 as investments for financial statement presentation.

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values. Increases or decreases in the fair value during the year are recognized as a component of interest income.

G. Inventory and Prepaid Items

Inventory of supplies in proprietary funds is valued at cost. Inventories held for resale are valued at the lower of cost or market. Prepaid expenses are accounted for using the consumption method. A prepaid item is recognized when a cash expenditure is made for goods or services that were purchased for consumption, but not consumed as of June 30.

H. Short-Term Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" in the fund financial statements. Short-term interfund loans are classified as "interfund receivables/payables". Long-term interfund loans are classified as "advances". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Grants from Other Governments

Federal and state governmental units represent an important source of supplementary funding used to finance housing, business development employment, construction programs, capital asset additions and other activities beneficial to the community. This funding, primarily in the form of grants, is recorded in both governmental and proprietary funds. Grant contributions in the proprietary funds, which are for the purpose of construction activities, land easement or capital asset acquisitions, are recorded as capital contributions within the statement of revenues and expenses. For all funds, a grant receivable is recorded when the City has a right to receive the related grant amounts.

J. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value.

In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities), the City chose to include all such items regardless of their acquisition date or amount. The City was able to estimate the historical cost for the initial reporting of these assets through back trending. As the City constructs or acquires additional capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate.

Major outlays for capital assets and major improvements are capitalized as projects are constructed. Interest incurred during the construction period of capital assets of the business-type activities is included as part of the capitalized value of the assets constructed.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Capital Assets (Continued)

Depreciation is provided on the straight-line method over the following estimated useful lives:

Governmental Assets

Buildings and improvements	20 – 50 years
Machinery and equipment	3 – 10 years
Infrastructure	25 – 30 years

Business-type Assets

Buildings and improvements	10 – 50 years
Utility system	5 – 50 years
Equipment	5 – 20 years

K. Long-Term Liabilities

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as deferred charges, are deferred and amortized over the life of the bonds using the straight line method, which is not materially different than the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

L. Compensated Absences

All employees, except shift firefighters, accrue vacation as follows: 1.54 hours per week of vacation with under 10 years of service; 2.3 hours per week of vacation with greater than 10 years and less than 20 years of service; and 3.07 hours per week of vacation with greater than 20 years of service. Shift firefighters accrue vacation as follows: 3.23 hours per week of vacation with under 10 years of service; 4.62 hours per week of vacation with greater than 10 years and less than 20 years of service; and 6.46 hours per week of vacation with greater than 20 years of service. Vacation time must be taken as time off and will not be paid-out except that any unused vacation will be paid at an employee's termination of employment.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Compensated Absences (Continued)

All City employees, except shift firefighters, accrue sick leave at 1.85 hours per week. Shift firefighters accrue sick leave at 5.54 hours per week. Sick leave, however, is not paid upon an employee's termination except to employees who were eligible to retire between January 2, 2005 and January 1, 2010. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

M. Defined Contribution Plan

The City offers its employees a defined contribution plan, the City of Griffin Deferred Compensation Plan (the "Plan"), which is administered by MetLife Resources. The Plan is a combined 457 plan and 401A plan. The Plan, available to all City employees, permits them to defer a portion of their salary until future years. Participation in the Plan is optional and requires the City to match the employees' deferrals up to a maximum of 1% of annual compensation. Employer's contributions are fully vested at the time of contribution. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Benefit provisions and contributions are established and may be amended by the City Council. During the year ended June 30, 2019, the City contributed \$21,783 and employees contributed \$404,109. The City stopped matching employee contributions as of July 21, 2018.

Pursuant to the Statement No. 32 of the GASB, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, the City does not have a fiduciary relationship with the Plan. Accordingly, the balances and transactions of the City's plan are not reported in the City's financial statements.

N. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance". Fund equity for all other reporting is classified as "net position".

Fund Balance – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Fund Equity (Continued)

Fund balances are classified as follows:

- **Nonspendable** – Fund balances are reported as nonspendable when amounts cannot be spent because they are either: a) not in spendable form (i.e., items that are not expected to be converted to cash), or b) legally or contractually required to be maintained intact.
- **Restricted** – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- **Committed** – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the City Commission through the adoption of a resolution. Only the City Commission may modify or rescind the commitment.
- **Assigned** – Fund balances are reported as assigned when amounts are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the City Commission has authorized the City's Chief Financial Officer, Finance Director, or Director of Administrative Services to assign fund balances.
- **Unassigned** – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: 1) committed, 2) assigned, and 3) unassigned.

Net Position – Net position represents the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Restricted Assets

The Water/Wastewater Utility Fund, based on certain bond covenants, is required to establish and maintain prescribed amounts of resources (consisting of cash and temporary investments) that can be used only to service outstanding debt.

P. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Q. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has four items that qualify for reporting in this category. One item is the deferred charge on refunding, which is reported in the government-wide and proprietary fund Statements of Net Position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded debt or the refunding debt. The remaining items relate to the City's Retirement and OPEB Plans and are reported in the government-wide and proprietary fund Statements of Net Position. Experience differences result from periodic studies by the City's actuary, which adjust the net pension liability for actual experience for certain trend information that was previously assumed, for example the assumed dates of retirement of plan members. These experience differences are recorded as deferred outflows of resources and are amortized into pension expense over the expected remaining service lives of the plan members. Changes in actuarial assumptions, which adjust the net pension liability, are also recorded as deferred outflows of resources and are amortized into pension expense over the expected remaining service lives of plan members. Additionally, any contributions made by the City to the pension and OPEB plan, before year-end but subsequent to the measurement date of the City's net pension liability and net OPEB liability are reported as deferred outflows of resources.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Q. Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the Statement of Net Position and the Governmental Funds Balance Sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position or fund balance that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has four items that qualify for reporting in this category, one of which arises only under the modified accrual basis of accounting. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available. The other three items relate to the City's Retirement and OPEB Plans and are reported in the government-wide and proprietary fund Statements of Net Position. The net difference between projected and actual earnings on pension and OPEB plan investments is deferred and amortized against pension expense over a five-year period, resulting in recognition as deferred inflows of resources. Changes in actuarial assumptions, which adjust the net OPEB liability (asset), are also recorded as deferred inflows of resources and are amortized into pension expense over the expected remaining service lives of plan members. In addition, the differences between expected and actual experience for the City's OPEB plan is deferred and amortized against pension expense over a four-year period, resulting in recognition as a deferred inflow of resources.

R. Pensions and OPEB

For purposes of measuring the net pension liability, net OPEB asset, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, pension expense and OPEB expense, information about the fiduciary net position of the City of Griffin Retirement Plan (the "Retirement Plan") and City of Griffin Post-Employment Health Care Plan (the "OPEB Plan") and additions to/deductions from the Retirement and OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the respective plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

S. Tax Abatement Agreements

During the year ended June 30, 2017, the City implemented GASB Statement No. 77, *Tax Abatement Disclosures*. This statement requires the City to disclose information for any tax abatement agreements, either entered into by the City, or agreements entered into by other governments that reduce the City's tax revenues. As of June 30, 2019, the City did not have any such agreements, either entered into by the City or by other governments that exceeded the quantitative threshold for disclosure.

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

A. Explanation of Certain Differences Between the Governmental Funds Balance Sheet and the Government-wide Statement of Net Position

The governmental funds balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “certain liabilities are not due and payable in the current period and, therefore, are not reported in the funds.” The details of this difference are as follows:

Bonds payable	\$	8,267,074
Net pension liability		11,462,800
Net OPEB asset		(775,308)
Due to Griffin/Spalding County Airport Authority		3,052,500
Capital leases payable		925,246
Compensated absences		701,273
Accrued interest		150,398
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net position - governmental activities</i>		\$ 23,783,983

B. Explanation of Certain Differences Between the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their useful lives and reported as depreciation expense.” The details of this difference are as follows:

Capital outlay	\$	6,643,399
Depreciation expense		(1,876,877)
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>		\$ 4,766,522

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS (CONTINUED)

B. Explanation of Certain Differences Between the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances and the Government-wide Statement of Activities (Continued)

Another element of that reconciliation explains that “Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.” The details of this difference are as follows:

Accrued interest	\$	26,453
Compensated absences		(59,180)
OPEB income		284,038
Pension expense		<u>(2,417,567)</u>
Net adjustment to decrease <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	\$	<u><u>(2,166,256)</u></u>

Another element of that reconciliation explains that “The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.” The details of this difference are as follows:

Amortization of bond premiums	\$	185,446
Capital lease proceeds		(524,552)
Principal retirement on long-term debt		<u>2,017,343</u>
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	\$	<u><u>1,678,237</u></u>

NOTES TO FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND INVESTMENTS

Total deposits and investments as of June 30, 2019, are summarized as follows:

Amounts as presented on the entity wide statement of net position:	
Cash and cash equivalents	\$ 24,369,034
Investments	45,688,239
Restricted cash and cash equivalents	3,274,487
Restricted investments	7,460,470
Amounts as presented on the fiduciary statement of net position:	
Cash and cash equivalents - Agency Fund	194,743
Component Units - cash and cash equivalents	1,176,272
Total	\$ 82,163,245
Cash deposited with financial institutions	\$ 29,014,536
Cash deposited with Georgia Fund 1	4,437,554
Certificates of deposit	441,153
Investments in the Municipal Competitive Trust	32,296,879
Investments in governmental bonds	13,814,480
Investments in corporate bonds	323,130
Investments in equities and various other securities	1,835,513
Total	\$ 82,163,245

Credit Risk. State statutes authorize the City to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime bankers' acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. It is the City's policy to limit its investments to those allowed and authorized by state law. As of June 30, 2019, the City's investment in Georgia Fund 1 was rated AAf by Standard & Poor's. The City's investment in the Municipal Competitive Trust was not rated. All other City investments were rated as noted in the table on the following page.

The reporting of investments at fair value in accordance with GASB Statement No. 31 resulted in an unrealized gain of \$43,399 netted against interest income in the Solid Waste Fund, an unrealized gain of \$101,621 netted against interest income in the Water/Wastewater Utility Fund, an unrealized gain of \$796,350 netted against interest income in the Electric Utility Fund, and an unrealized gain of \$142,344 reflected as interest income in the Cemetery Trust Fund.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND INVESTMENTS (CONTINUED)

Interest Rate Risk. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

At June 30, 2019, the City had the following investments:

Investment	Rating	Fair Value	Investment Maturities (in Years)						
			Less than 1	1 - 5	6 - 10	11 - 15	16 - 20	> 20	
Georgia Fund 1		\$ 4,437,554	\$ 4,437,554	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -

NOTES TO FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND INVESTMENTS (CONTINUED)

Fair Value Measurements. The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The City has the following recurring fair value measurements as of June 30, 2019:

Investment	Level 1	Level 2	Level 3	Fair Value
Municipal Competitive Trust	\$ 32,296,879	\$ -	\$ -	\$ 32,296,879
Municipal bonds	1,197,080	12,617,400	-	13,814,480
Corporate bonds	323,130	-	-	323,130
Equity securities	1,835,513	-	-	1,835,513
 Total investments measured at fair value	 <u>\$ 35,652,602</u>	 <u>\$ 12,617,400</u>	 <u>\$ -</u>	 <u>\$ 48,270,002</u>
 Investments not subject to level disclosure:				
Georgia Fund 1				4,437,554
Certificates of deposit				441,153
Total investments				<u>\$ 53,148,709</u>

Investments classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those investments. Investments classified as Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

The Georgia Fund 1 is an investment pool which does not meet the criteria of GASB Statement No. 79 and is thus valued at fair value in accordance with GASB Statement No. 31. As a result, the City does not disclose its investment in the Georgia Fund 1 within the fair value hierarchy.

Custodial Credit Risk – Deposits. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. As of June 30, 2019, the City did not have any deposits which were uninsured and under collateralized as defined by GASB pronouncements.

Custodial Credit Risk – Investments. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require all investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities.

NOTES TO FINANCIAL STATEMENTS

NOTE 4. RECEIVABLES

Accounts Receivable

Receivables as of June 30, 2019, including the applicable allowances for uncollectible accounts, are as follows:

	<u>General</u>	<u>2016 SPLOST</u>	<u>Nonmajor Governmental</u>	<u>Water/ Wastewater</u>
Receivables:				
Taxes	\$ 876,682	\$ -	\$ 6,218	\$ -
Accounts	26,073	-	-	63,329
Intergovernmental	176,543	403,005	133,934	1,585,491
Gross receivables	<u>1,079,298</u>	<u>403,005</u>	<u>140,152</u>	<u>1,648,820</u>
Less: allowance for uncollectibles	(90,994)	-	-	(5,839)
Net total receivables	<u>\$ 988,304</u>	<u>\$ 403,005</u>	<u>\$ 140,152</u>	<u>\$ 1,642,981</u>

	<u>Electric</u>	<u>Solid Waste</u>	<u>Nonmajor Enterprise</u>	<u>Total</u>
Receivables:				
Taxes	\$ -	\$ -	\$ -	\$ 882,900
Accounts	18,258,536	-	216,779	18,564,717
Intergovernmental	-	1,233	-	2,300,206
Gross receivables	<u>18,258,536</u>	<u>1,233</u>	<u>216,779</u>	<u>21,747,823</u>
Less: allowance for uncollectibles	(5,795,204)	-	-	(5,892,037)
Net total receivables	<u>\$ 12,463,332</u>	<u>\$ 1,233</u>	<u>\$ 216,779</u>	<u>\$ 15,855,786</u>

Property Taxes

Property taxes were levied on behalf of the City by Spalding County on August 31, 2018, (levy date) based upon property values assessed as of January 1, 2018. The billings were mailed on September 12, 2018, and payable on or before November 15, 2018, for the calendar year 2018. Taxes not paid within 30 days of November 15, 2018, were subject to property tax liens on December 16, 2018. Property tax revenues are recognized when levied to the extent they result in current receivables. The City does maintain an allowance for uncollectible property taxes. At June 30, 2019, the allowance for uncollectible property taxes was \$90,994.

The tax rate levied during calendar year 2018 for the City's operations was 7.639 mills (mill equals \$1 per thousand dollars of assessed value).

NOTES TO FINANCIAL STATEMENTS

NOTE 5. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2019, was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Transfers</u>	<u>Ending Balance</u>
Governmental activities:					
Capital assets, not being depreciated:					
Land	\$ 2,822,161	\$ 56,038	\$ -	\$ -	\$ 2,878,199
Construction in progress	14,538,518	5,156,624	-	(89,950)	19,605,192
Total capital assets, not being depreciated	<u>17,360,679</u>	<u>5,212,662</u>	<u>-</u>	<u>(89,950)</u>	<u>22,483,391</u>
Capital assets, being depreciated:					
Buildings and improvements	9,292,886	32,765	-	89,950	9,415,601
Machinery and equipment	27,574,958	1,397,976	(705,849)	-	28,267,085
Infrastructure	35,977,858	-	-	-	35,977,858
Total capital assets, being depreciated	<u>72,845,702</u>	<u>1,430,741</u>	<u>(705,849)</u>	<u>89,950</u>	<u>73,660,544</u>
Less accumulated depreciation for:					
Buildings and improvements	(4,412,950)	(273,635)	-	-	(4,686,585)
Machinery and equipment	(22,338,691)	(1,135,352)	705,849	-	(22,768,194)
Infrastructure	(25,593,375)	(527,088)	-	-	(26,120,463)
Total accumulated depreciation	<u>(52,345,016)</u>	<u>(1,936,075)</u>	<u>705,849</u>	<u>-</u>	<u>(53,575,242)</u>
Total capital assets, being depreciated, net	<u>20,500,686</u>	<u>(505,334)</u>	<u>-</u>	<u>89,950</u>	<u>20,085,302</u>

NOTE 6. LONG-TERM DEBT

Revenue Bonds

The City issues bonds where the City pledges income derived from the acquired or constructed assets to pay debt service. The City's Water/Wastewater Utility Fund's revenue bonds outstanding at June 30, 2019 are as follows:

<u>Description</u>	<u>Original Amount</u>	<u>Interest Rate</u>	<u>Due Date</u>	<u>Amount</u>
Combined Utility, Series 2012	\$ 57,500,000	2.00% - 5.00%	2032	\$ 46,305,000
		Less current portion		<u>(2,780,000)</u>
				<u>\$ 43,525,000</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 6. LONG-TERM DEBT (CONTINUED)

Revenue Bonds (Continued)

Combined Public Utility Revenue Refunding Bonds, Series 2012

The City of Griffin Combined Public Utility Revenue Refunding Bonds, Series 2012, were issued in October 2012. The Series 2012 bonds were issued to provide funds to refund (advance refunding) all of the City's Revenue Refunding and Improvement Bonds, Series 2002. The net proceeds were deposited in an irrevocable trust with an escrow agent to provide funds for the future debt service payment on the refunded bonds. As a result, the Series 2002 bonds are considered defeased and the liability for those bonds has been removed from the statement of net position. The City determined that advance refunding the Series 2002 bonds with the Series 2012 bonds would reduce the City's total debt service payments by approximately \$11.055 million on an aggregate basis.

The Series 2012 bonds are special limited obligations of the City, payable solely from and secured by a pledge of and lien on revenues derived by the City from the ownership and operation of its water, wastewater, and electric system, remaining after the payment of expenses of operating, maintaining, and repairing the system. The Series 2012 bonds do not constitute a debt or general obligation of the City or a pledge of the faith and credit or taxing power of the City. No governmental entity, including the City, is obligated to levy any tax for the payment of the Series 2012 bonds. No recourse may be had against the General Fund of the City for payment of the Series 2012 bonds.

Revenue bond debt service requirements to maturities, including interest, are as follows:

<u>Fiscal Year Payable</u>	<u>Total</u>	<u>Principal</u>	<u>Interest</u>
2020	\$ 4,544,138	\$ 2,780,000	\$ 1,764,138
2021	4,542,938	2,890,000	1,652,938
2022	4,537,338	3,000,000	1,537,338
2023	4,542,338	3,125,000	1,417,338
2024	4,542,338	3,250,000	1,292,338
2025 – 2029	22,722,138	18,490,000	4,232,138

NOTES TO FINANCIAL STATEMENTS

NOTE 6. LONG-TERM DEBT (CONTINUED)

Bonds Payable

Tax Allocation Bonds

The City of Griffin Tax Allocation Bonds, Series 2012, were issued in October 2012 in the amount of \$866,397. The Series 2012 bonds were issued to provide funds for construction related costs for the new Kroger Co. development within the City and to provide costs of issuance of the bonds. The Series 2012 bonds are limited obligations of the City payable solely from the revenues derived from the City's Tax Allocation District. The Series 2012 bonds do not constitute a debt or general obligation of the City or a pledge of the faith and credit or taxing power of the City. These bonds carry interest at 4% and are due on January 15, 2038.

Obligation Sales Tax Bonds

The City of Griffin Obligation Sales Tax Bond, Series 2016A and Series 2016B were issued in February 2016 in the amount of \$8,990,000 and \$725,000, respectively. The bonds were issued to provide funds to finance the cost of acquiring, constructing, and equipping certain capital outlay projects for the City. The bonds are general obligations of the City and constitute a pledge of the full faith, credit, and taxing power of the City. These bonds carry interest ranging from 1% to 4%. The Series 2016A bonds are due on July 1, 2022, and the Series 2016B bonds matured on July 1, 2017.

The bonds payable debt service requirements to maturity, including interest, are as follows:

<u>Fiscal Year Payable</u>	<u>Total</u>	<u>Principal</u>	<u>Interest</u>
2020	\$ 2,044,406	\$ 1,718,088	\$ 326,318
2021	2,044,155	1,768,811	275,344
2022	2,053,655	1,839,563	214,092
2023	2,056,654	1,914,744	141,910
2024	54,654	25,734	28,920
2025 – 2029	296,862	169,701	127,161
2030 – 2034	337,009	250,101	86,908
2034 – 2038	306,413	277,782	28,631
	<u>\$ 9,193,808</u>	<u>\$ 7,964,524</u>	<u>\$ 1,229,284</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 6. LONG-TERM DEBT (CONTINUED)

Capital Leases

The City has entered into several lease agreements as lessee for financing the acquisition of various equipment through the Georgia Municipal Association direct installment program. The lease agreements qualify as capital leases for accounting purposes (titles transfer at the end of the lease term) and have been recorded at the present values of the future minimum lease payment as of the date of their inception. These leases are being serviced by General Fund, Solid Waste Fund, and Stormwater Fund payments with annual interest rates varying from 1.76% to 3.37%.

The following is an analysis of equipment leased under capital leases as of June 30, 2019:

	Governmental Activities	Business-type Activities	Total
Equipment	\$ 1,428,486	\$ 1,572,552	\$ 3,001,038
Less accumulated depreciation	(507,866)	(415,454)	(923,320)
Carrying value	\$ 920,620	\$ 1,157,098	\$ 2,077,718

The above includes current year depreciation expense of assets under capital lease of \$120,886 and \$246,214 for the Governmental Activities and Business-type Activities, respectively.

The following is a schedule of future minimum lease payments under the capital leases and the present value of the net minimum lease payments at June 30, 2019:

Fiscal year ending	Governmental Activities	Business-type Activities	Total
2020	\$ 191,958	\$ 292,253	\$ 484,211
2021	192,266	292,253	484,519
2022	180,093	263,554	443,647
2023	103,732	185,061	288,793
2024	61,657	127,358	189,015
2025 – 2029	303,147	167,700	470,847
Total minimum lease payments	1,032,853	1,328,179	2,361,032
Less amount representing interest	(107,607)	(99,922)	(207,529)
Present value of future minimum lease payments	925,246	1,228,257	2,153,503
Less current maturities	(167,022)	(259,412)	(426,434)
	\$ 758,224	\$ 968,845	\$ 1,727,069

NOTES TO FINANCIAL STATEMENTS

NOTE 6. LONG-TERM DEBT (CONTINUED)

Closure/Post-closure Care Costs

Effective March 1994, the City of Griffin Shoal Creek Landfill Phase 1 was closed and no additional waste has been accepted. According to state and federal laws and regulations, the City must perform certain maintenance and monitoring functions at the site for a minimum of 30 years. Engineering studies estimate post-closure costs of approximately \$292,707 over the remaining four-year period. These costs are based on what it would cost to perform all post-closure care in 2001, adjusted annually for inflation. Actual costs may be higher due to changes in inflation, changes in technology, or changes in regulations. Should any problems occur during this post-closure period, the costs and time period required for the maintenance and monitoring functions may substantially increase.

Effective December 2006, the City of Griffin Shoal Creek Landfill Phase 2 was closed and no additional waste has been accepted. According to state and federal laws and regulations, the City must perform certain maintenance and monitoring functions at the site for a minimum of 30 years. Engineering studies estimate post-closure costs of approximately \$573,582 over the remaining 21-year period. These costs are based on what it would cost to perform all post-closure care in 2007, adjusted annually for inflation. Actual costs may be higher due to changes in inflation, changes in technology, or changes in regulations. Should any problems occur during this post-closure period, the costs and time period required for the maintenance and monitoring functions may substantially increase.

State and federal laws and regulations require the City to place a final cover on its Shoal Creek Landfill Phase 3 site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, which is expected to occur in 2028, the City reports a portion of these closure and post-closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The amount noted as Phase 3 below reported as landfill closure and post-closure care liability at June 30, 2019, represents the cumulative amount reported to date based on the use of approximately 54.9% of the estimated capacity of the landfill. The City will recognize the remaining estimated cost of closure and post-closure care of \$4,884,930 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and post-closure care in 2007, adjusted annually for inflation. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. Should any problems occur during the closure and post-closure period, the costs and time period required for the maintenance and monitoring functions may substantially increase.

NOTES TO FINANCIAL STATEMENTS

Airport Authority Revenue Bonds

The Griffin-Spalding County Airport Authority Revenue Bonds, Series 2015, were issued on March 10, 2015. The Series 2015 bonds were issued to: a) provide funds to finance in part the acquisition of land and other real and personal property for the construction and equipping of a new airport, and b) pay the costs of issuance of the Series 2015 bonds. The Series 2015 bonds are limited obligations of the Authority payable solely from certain amounts to be paid by the City and Spalding County to the Authority under the provisions of an intergovernmental agreement by and between the Authority, the City, and Spalding County. The Series 2015 bonds are not deemed to constitute a debt or general obligation or pledge of the faith and credit of the State or any political subdivision thereof, including the City, Spalding County or the Authority, within the meaning of any constitutional or statutory debt limitation. The payments provided for under the intergovernmental agreement constitute general obligations of the City and Spalding County for which its full faith, credit and taxing powers are pledged.

Revenue bond debt service requirements to maturities, including interest, are as follows:

Fiscal Year Payable	Total	Principal	Interest
2020	\$ 682,800	\$ 475,000	\$ 207,800

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. At year-end, \$17,352 of internal service fund's compensated absences is included in the amounts on the previous page. Also, for the governmental activities, compensated absences, the total OPEB liability, and the net pension liability are substantially liquidated by the General Fund.

NOTE 7. PENSION PLAN

A. Plan Description

The City, as authorized by the City Commission, has established a non-contributory defined benefit pension plan, the City of Griffin Retirement Plan (the "Plan"), covering substantially all of the City's employees. The City's pension plan is administered through the Georgia Municipal Employee Benefit System ("GMEBS"), an agent multiple-employer pension plan administered by the Georgia Municipal Association. The Plan provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Benefits are provided by the Plan whereby retirees receive between 1% and 1.75% multiplied by the average of the five highest years of regular earnings multiplied by the total credited years of service. The City Commission, in its role as the Plan sponsor, has the governing authority to establish and amend from time to time, the benefits provided and the contribution rates of the City and its employees. The Georgia Municipal Association issues a publicly available financial report that includes financial statements and required supplementary information for GMEBS. That report may be obtained at www.gmanet.com or by writing to Georgia Municipal Association, Risk Management and Employee Benefit Services, 201 Pryor Street, NW, Atlanta, Georgia 30303 or by calling (404) 688-0472.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. PENSION PLAN (CONTINUED)

A. Plan Description (Continued)

Plan membership. As of January 1, 2019, pension plan membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefits	253
Inactive plan members entitled to, but not receiving benefits	89
Active plan members	417
Total	<u>759</u>

Contributions. The Plan is subject to minimum funding standards of the Georgia Public Retirement Systems Standards law. The Board of Trustees of GMEBS has adopted a recommended actuarial funding policy for the Plan which meets state minimum requirements and will accumulate sufficient funds to provide the benefits under the Plan. The funding policy for the Plan, as adopted by the City Commission, is to contribute an amount equal to or greater than the actuarially recommended contribution rate. This rate is based on the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of plan members, as determined by the City Commission. City contributions to the Plan were \$3,222,944 for the year ended June 30, 2019.

B. Net Pension Liability of the City

The City's net pension liability was measured as of September 30, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2018, with updated procedures performed by the actuary to roll forward to the total pension liability measured as of September 30, 2018.

Actuarial assumptions. The total pension liability in the January 1, 2018, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary increases	2.75%, plus service based merit increases
Investment rate of return	7.50%

Mortality rates were based on the RP-2000 Combined Healthy Mortality Table with gender-distinct rates, set forward two years for males and one year for females.

The actuarial assumptions used in the January 1, 2018, valuation were based on the results of an actuarial experience study for the period January 1, 2010 – June 30, 2014.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. PENSION PLAN (CONTINUED)

B. Net Pension Liability of the City (Continued)

Cost of living adjustments were assumed to be 3.00% although the Plan allowance for annual cost of living adjustment is variable, as established by the City Commission, in an amount not to exceed 4%.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2018, are summarized in the following table:

Asset class	Target allocation	Long-term expected real rate of return*
Domestic equity	45%	6.40%
International equity	20%	7.40
Domestic fixed income	20%	1.75
Real estate	10%	5.10
Global fixed income	5%	3.03
Cash	-%	
Total	100%	

* Rates shown are net of the 2.75% assumed rate of inflation.

Discount rate. The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all of the projected benefit payments to determine the total pension liability.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. PENSION PLAN (CONTINUED)

B. Net Pension Liability of the City (Continued)

Changes in the Net Pension Liability of the City. The changes in the components of the net pension liability of the City for the year ended June 30, 2019, were as follows:

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (Asset) (a) - (b)
Beginning Balance	\$ 79,215,951	\$ 62,198,534	\$ 17,017,417
Changes for the year:			
Service cost	673,289	-	673,289
Interest	5,808,271	-	5,808,271
Differences between expected and actual experience	106,375	-	106,375
Assumption changes	-	-	-
Contributions – employer	-	3,051,490	(3,051,490)
Contributions – employee	-	53,503	(53,503)
Net investment income	-	6,105,729	(6,105,729)
Benefit payments, including refunds of employee contributions	(4,891,254)	(4,891,254)	-
Administrative expense	-	(101,132)	101,132
Other changes	5,392,679	-	5,392,679
Net changes	<u>7,089,360</u>	<u>4,218,336</u>	<u>2,871,024</u>
Ending Balance	<u>\$ 86,305,311</u>	<u>\$ 66,416,870</u>	<u>\$ 19,888,441</u>

The net pension liability noted above includes the liability of the Griffin-Spalding County Airport Authority, a discretely presented component unit, in the amount of \$163,189.

The required schedule of changes in the City's net pension liability and related ratios immediately following the notes to the financial statements presents multi-year trend information about whether the value of plan assets is increasing or decreasing over time relative to the total pension liability.

Sensitivity of the net pension liability to changes in the discount rate. The following presents the net pension liability of the City, calculated using the discount rate of 7.5%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

NOTES TO FINANCIAL STATEMENTS

NOTE 7. PENSION PLAN (CONTINUED)

B. Net Pension Liability of the City (Continued)

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
City's net pension liability	\$ 29,919,139	\$ 19,888,441	\$ 11,504,468

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of September 30, 2018, and the current sharing pattern of costs between employer and employee.

C. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2019, the City recognized pension expense of \$7,393,862. At June 30, 2019, the City reported deferred outflows and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual earnings on pension plan investments	\$ -	\$ 3,653,286
Differences between expected and actual experience	875,964	-
Changes in actuarial assumptions	755,350	-
City contributions subsequent to the measurement date	2,456,510	-
Total	\$ 4,087,824	\$ 3,653,286

The above totals include deferred outflows of resources in the amount of \$33,542 and deferred inflows of resources in the amount of \$29,976 related to the Griffin-Spalding County Airport Authority, a discretely presented component unit.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. PENSION PLAN (CONTINUED)

C. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

City contributions subsequent to the measurement date of \$2,456,510, are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending June 30:		
2020	\$	134,837
2021		(773,700)
2022		(1,080,785)
2023		(302,324)
Total	\$	<u>(2,021,972)</u>

NOTE 8. BUDGET COMPLIANCE AND DEFICIT FUND EQUITY

A. Excess of Expenditures Over Appropriations

The following General Fund departments and special revenue funds had actual expenditures in excess of appropriations for the year ended June 30, 2019:

General Fund		
General government - elections	\$	9,436
Judicial		6,042
Parks and recreation - recreation		6,276
Police Donations Fund		
Public safety		201

These over expenditures were funded by greater than anticipated revenues.

B. Deficit Fund Balance and Net Position

The following funds had deficit fund balances/net position at June 30, 2019:

Solid Waste Fund	\$	5,418,333
Police Technology Fund		5,894

NOTES TO FINANCIAL STATEMENTS

NOTE 8. BUDGET COMPLIANCE AND DEFICIT FUND EQUITY (CONTINUED)

B. Deficit Fund Balance and Net Position (Continued)

The net position deficit in the Solid Waste Fund will be reduced through increased charges for services in future years. The fund deficit in the Police Technology Fund will be reduced through intergovernmental revenues and General Fund transfers.

NOTE 9. INTERFUND BALANCES AND TRANSFERS

Interfund receivable and payable balances as of June 30, 2019, are as follows:

Due From	Due To				
	General	2016 SPLOST	Nonmajor Governmental	Electric	Water/ Wastewater
General Fund	\$ -	1,489	\$ 125,320	\$ 1,219,437	\$ -
2016 SPLOST	-	-	8,910	-	491
Nonmajor Governmental	424,944	-	119,158	901	575
Water/Wastewater	-	-	-	-	-
Electric	-	-	69,735	-	15,115,146
Solid Waste	1,533,526	-	58,458	-	-
Internal Service Fund	-	-	-	1,836,583	-
Nonmajor Enterprise	296,060	-	-	472,408	19,379
Total	<u>\$ 2,254,530</u>	<u>\$ 1,489</u>	<u>\$ 381,581</u>	<u>\$ 3,529,329</u>	<u>\$ 15,135,591</u>

Due From	Solid Waste	Nonmajor Enterprise	Internal Service	Total
General Fund	\$ -	\$ -	\$ 12,288	\$ 1,358,534
2016 SPLOST	-	-	-	9,401
Nonmajor Governmental	-	24,140	-	569,718
Water/Wastewater	22,187	454	34,258	56,899
Electric	18,952	890,551	2,262	16,096,646
Solid Waste	-	-	590,800	2,182,784
Internal Service Fund	66,416	-	115,376	2,018,375
Nonmajor Enterprise	73,272	283	297,208	1,158,610
Total	<u>\$ 180,827</u>	<u>\$ 915,428</u>	<u>\$ 1,052,192</u>	<u>\$ 23,450,967</u>

Interfund receivables and payables result from timing differences related to payroll and other year-end transactions which normally clear within one to two months.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. INTERFUND BALANCES AND TRANSFERS (CONTINUED)

Interfund transfers for the year ended June 30, 2019, consisted of the following:

Transfer From	Transfer To			
	General	2016 SPLOST	Nonmajor Governmental	Internal Service
General Fund	\$ -	\$ 275,439	\$ 449	\$ 687,659
Nonmajor Governmental	56,408	-	-	-
Water/Wastewater	1,800,000	-	334,376	-
Electric	6,000,000	-	-	-
Nonmajor Enterprise	4,450	-	-	-
Total	\$ 7,860,858	\$ 275,439	\$ 334,825	\$ 687,659
	Nonmajor Enterprise	Total		
General Fund	\$ 444,365	\$ 1,407,912		
Nonmajor Governmental	12,847	69,255		
Water/Wastewater	-	2,134,376		
Electric	-	6,000,000		
Nonmajor Enterprise	-	4,450		
Total	\$ 457,212	\$ 9,615,993		

Transfers are used to: 1) move revenues from the fund that statute or budget requires collecting them to the fund that the statute or budget requires to expend them, and 2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 10. RELATED ORGANIZATION

The City's governing body is responsible for all of the board appointments of the City of Griffin Housing Authority. However, the City has no further accountability for this organization.

NOTE 11. HOTEL/MOTEL LODGING TAX

The City has levied a 7% lodging tax. For the fiscal year ended June 30, 2019, \$68,518 of hotel/motel tax was collected. Of the total collected, 100% was used for the promotion of tourism within the City (\$55,671 to the Griffin Business and Tourism Association and \$12,847 to the Welcome Center Fund).

NOTES TO FINANCIAL STATEMENTS

NOTE 12. JOINT VENTURES

Under Georgia law, the City, in conjunction with other cities and counties in the 10-county west central Georgia area, is a member of the Three Rivers Regional Commission and is required to pay annual dues thereto. During its year ended June 30, 2019, the City paid \$22,770 in such dues. Membership in a regional commission ("RC") is required by the O.C.G.A. § 50-8-34, which provides for the organizational structure of the RC in Georgia. The RC Board membership includes the chief elected official of each county and municipality of the area. O.C.G.A. § 50-8-39.1, provides that the member governments are liable for any debts or obligations of an RC. Separate financial statements may be obtained from: Three Rivers Regional Commission; 120 North Hill Street, Griffin, Georgia 30224.

NOTE 13. JOINTLY GOVERNED ORGANIZATION

During the year ended June 30, 2010, the City Commission approved entering into an interlocal cooperation agreement for the purpose of establishing the Griffin/Spalding County Land Bank Authority (the "Authority"). The Authority was formally created in August 2008. The Authority's purpose is to return land which is in a non-revenue generating, non-tax producing status to an effective utilization status in order to provide affordable housing, new trade, commerce, industry, and employment opportunities for the citizens of the City and Spalding County. The Authority is governed by a four-member Board of Directors appointed equally by the City and Spalding County. The City has no further accountability for this organization.

NOTE 14. COMMITMENTS AND CONTINGENCIES

Litigation

The City is involved in several pending lawsuits. Liability, if any, which might result from these proceedings, would not, in the opinion of management and legal counsel, have a material adverse effect on the financial position of the City.

Grants from Governments

Amounts received or receivable from grantor agencies are subject to audit and adjustment by such agencies, principally the Federal Government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

NOTES TO FINANCIAL STATEMENTS

NOTE 14. COMMITMENTS AND CONTINGENCIES (CONTINUED)

Agreements with the Municipal Electric Authority of Georgia

The Municipal Electric Authority of Georgia (“MEAG”) is a public corporation and an instrumentality of the State of Georgia created to supply electricity to local government electric distribution systems. As provided by state law, MEAG establishes rates and charges so as to produce revenues sufficient to cover its costs, including debt service, but it may not operate any of its projects for profit unless any such profits inure to the benefit of the public.

As of June 30, 2019, the City is an electric utility participant in MEAG and obligated to purchase all of its bulk power supply requirements from MEAG for a period not to exceed 50 years. The City has agreed to purchase all of its future power and energy requirements in excess of that received by the City through the Southeastern Power Administration at prices intended to cover the operating costs of the systems and to retire any debt incurred by the Authority. In the event that revenues are insufficient to cover all costs and retire the outstanding debt, each participating City has guaranteed a portion of the unpaid debt based on its individual entitlement shares of the output and services of generating units acquired or constructed by MEAG. In addition, in the event of discontinued service to a participant in default, the City would be obligated to purchase additional power subject to contractual limitations. Payments to MEAG are made monthly based on kWh usage. The total payments under these contracts amounted to \$33,950,275 in 2019.

At June 30, 2019, the outstanding debt of MEAG was approximately \$6.32 billion. The City's guarantee varies by individual projects undertaken by MEAG and totals approximately \$355.16 million at June 30, 2019.

NOTE 15. RISK MANAGEMENT

The City is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. The City has joined together with other municipalities in the state as part of the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund and the Georgia Municipal Association Group Self-Insurance Workers' Compensation Fund, public entity risk pools currently operating as common risk management and insurance programs for member local governments.

As part of these risk pools, the City is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pools' agents and attorneys, to follow loss reduction procedures established by the funds and to report as promptly as possible and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The City is also to allow the pools' agents and attorneys to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the funds.

NOTES TO FINANCIAL STATEMENTS

NOTE 15. RISK MANAGEMENT (CONTINUED)

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the workers' compensation law of Georgia. The funds are to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment and all expenses incurred for investigation, negotiation or defense.

Settled claims in the past three years have not exceeded the coverages.

NOTE 16. POST-EMPLOYMENT HEALTH CARE PLAN

Plan Administration and Benefits

The City of Griffin Post-Employment Health Care Plan (the "OPEB Plan") is an agent multiple-employer defined benefit healthcare plan administered by the Georgia Municipal Association. The OPEB Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Benefit provisions and contribution requirements are established and may be amended by the Commission. The relevant information about the OPEB Plan is provided below. No other financial reports are issued by this agent multiple-employer plan.

Eligible participants are assumed to be employees, and former employees of the City of Griffin who had health coverage as an active employee for at least the two consecutive years immediately preceding their termination and have satisfied the following requirements: 1) completed at least ten years of consecutive service immediately preceding their termination date, and 2) is eligible and elects to receive normal retirement or disability benefits under a qualified defined benefit plan sponsored by the City. The OPEB Plan is closed to all employees hired after July 1, 2007. The Plan benefit provisions are fixed at: 1) \$200 per month for retiree only coverage for employees less than age 65; 2) \$400 per month for retirees and spouse (or family) coverage for employees less than age 65; 3) \$100 per month for retiree only coverage for employees age 65 or older; and 4) \$200 per month for retiree and spouse coverage for employees age 65 or older. Deferred retirements are not allowed to elect coverage at the time of retirement. Additionally, surviving spouses are not covered under the OPEB Plan.

Plan Membership. Membership of the OPEB plan consisted of the following at June 30, 2019, the date of the latest actuarial valuation:

Inactive plan members or beneficiaries currently receiving benefits	79
Active plan members	<u>162</u>
Total	<u><u>241</u></u>

NOTES TO FINANCIAL STATEMENTS

NOTE 16. POST-EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

Contributions

The required contribution is based on projected pay-as-you-go financing requirements, with an additional amount to prefund benefits as determined annually by the OPEB Plan's actuary. For fiscal year 2019, the City contributed \$252,777 to the Plan. Plan members receiving benefits are not required to contribute to the Plan.

Net OPEB Liability (Asset) of the City

Effective July 1, 2017, the City implemented the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Post-employment Benefits Other Than Pensions*, which significantly changed the City's accounting for OPEB amounts. The information disclosed below is presented in accordance with this new standard.

The City's net OPEB liability (asset) was measured as of June 30, 2019, and the total OPEB liability (asset) used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of June 30, 2018 with the actuary using standard techniques to roll forward the liability (asset) to the measurement date.

Actuarial assumptions. The total OPEB liability (asset) in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Discount Rate:	7.00%
Long-term expected rate of return on OPEB investments:	7.00%, net of investment expenses, including inflation
Healthcare Cost Trend Rate:	4.00%
Inflation Rate:	2.30%
Participation rate:	95%

Mortality rates were based on the RP-2014 Mortality Table (adjusted to 2006), fully generational using scale MP-2016 for healthy retirees and the RP-2014 Disabled Retiree Mortality Table, Fully Generational using scale MP-2016 for disabled retirees.

NOTES TO FINANCIAL STATEMENTS

NOTE 16. POST-EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

Net OPEB Liability (Asset) of the City (Continued)

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the major target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan's target asset allocation as of June 30, 2018 are summarized in the following table:

Asset class	Target allocation	Long-term expected real rate of return*
Domestic equity	45%	6.75%
International equity	20%	7.45
Domestic fixed income	20%	1.75
Real estate	10%	4.55
Global fixed income	5%	3.30
Cash	-%	
Total	100%	

* Rates shown are net of the 3.00% assumed rate of inflation.

Discount rate. The discount rate used to measure the total OPEB liability (asset) was 7.00%. The projection of cash flows used to determine the discount rate assumed that the City will contribute in amounts consistent with its formal contribution policy. Based on those assumptions, the OPEB Trust Fund's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all of the projected benefit payments to determine the total OPEB liability (asset).

NOTES TO FINANCIAL STATEMENTS

NOTE 16. POST-EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

Net OPEB Liability (Asset) of the City (Continued)

Changes in the Net OPEB Liability (Asset) of the City. The changes in the components of the net OPEB liability (asset) of the City for the year ended June 30, 2019, were as follows:

	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (Asset) (a) - (b)
Beginning Balance	\$ 8,442,395	\$ 7,522,162	\$ 920,233
Changes for the year:			
Service cost	150,141	-	150,141
Interest	572,740	-	572,740
Differences between expected and actual experience	(664,012)	-	(664,012)
Assumption changes	(1,304,432)	-	(1,304,432)
Contributions - employer	-	155,929	(155,929)
Net investment income	-	736,114	(736,114)
Benefit payments, net of retiree contributions	(155,929)	(155,929)	-
Net changes	<u>(1,401,492)</u>	<u>736,114</u>	<u>(2,137,606)</u>
Ending Balance	<u>\$ 7,040,903</u>	<u>\$ 8,258,276</u>	<u>\$ (1,217,373)</u>

The required schedule of changes in the City's net OPEB liability (asset) and related ratios immediately following the notes to the financial statements presents multi-year trend information about whether the value of plan assets is increasing or decreasing over time relative to the total OPEB liability.

The net OPEB liability (asset) noted above includes the liability (asset) of the Griffin-Spalding County Airport Authority, a discretely presented component unit, in the amount of \$1,194.

NOTES TO FINANCIAL STATEMENTS

NOTE 16. POST-EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

Sensitivity Analysis

Sensitivity of the net OPEB liability (asset) to changes in the discount rate. The following presents the net OPEB liability (asset) of the City, as well as what the City's net OPEB liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current discount rate:

	1% Decrease (3.00%)	Current Discount Rate (4.00%)	1% Increase (5.00%)
City's net OPEB asset	\$ (1,698,552)	\$ (1,217,373)	\$ (626,015)

Sensitivity of the net OPEB liability (asset) to changes in the healthcare cost trend rates. The following presents the net OPEB liability (asset) of the City, as well as what the City's net OPEB liability (asset) would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (3.00%) or 1-percentage-point higher (5%) than the current healthcare cost trend rates:

	1% Decrease (3.00%)	Current Discount Rate (4.00%)	1% Increase (5.00%)
City's net OPEB asset	\$ (1,698,552)	\$ (1,217,373)	\$ (626,015)

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revisions as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of June 30, 2019, and the current sharing pattern of costs between employer and inactive employees.

NOTES TO FINANCIAL STATEMENTS

NOTE 16. POST-EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the City recognized OPEB income of \$320,726. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 777,641
Net difference between projected and actual earnings on pension plan investments	-	474,277
Changes of assumptions	-	1,087,027
City contributions subsequent to the measurement date	252,777	-
Total	\$ 252,777	\$ 2,338,945

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ending June 30:		
2020		\$ (517,056)
2021		(517,056)
2022		(517,056)
2023		(414,845)
2024		(372,932)
Total		\$ (2,338,945)

NOTES TO FINANCIAL STATEMENTS

NOTE 17. OPERATING LEASES

The City has entered into several operating leases of various land parcels and buildings where the City is the lessor. The original leases have terms ranging from one to five years. Each is accounted for as an operating lease. The minimum future rentals for non-cancelable leases as of June 30, 2019 are as follows:

Year ending June 30:	
2020	\$ 142,670
2021	110,394
2022	68,550
2023	35,140
2024	9,984
	<u>\$ 366,738</u>

The City has also entered into several operating leases of various equipment where the City is the lessee. The original leases have terms ranging from four to five years. Each is accounted for as an operating lease. The minimum future rentals for non-cancelable leases as of June 30, 2019, are as follows:

Year ending June 30:	
2020	\$ 73,584
2021	69,481
2022	28,587
2023	3,421

**COMBINING STATEMENTS
AND SCHEDULES**

CITY OF GRIFFIN, GEORGIA

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes.

The **Hotel/Motel Tax Fund** accounts for the Hotel/Motel accommodation excise tax receipts and distributions to tourism promoting organizations as required by agreements with these organizations.

The **Multiple Grant Fund** accounts for grant revenues and expenditures relating to various short lived projects.

The **Confiscated Assets Fund** accounts for confiscated and condemned funds received and disbursed for law enforcement expenditures.

The **Police Technology Fund** accounts for monies received by the collection of an add-on fine as allowed by state law to be used for equipping and maintaining the City police department.

The **Court Technology Fund** accounts for monies received by the collection of an add-on fine as allowed by state law to be used for equipping and maintaining the City Court system.

The **Police Donations Fund** accounts for local donated revenues and expenditures for law enforcement expenditures.

The **2012 CDBG Fund** accounts for CDBG grant revenues and expenditures relating to public works projects.

The **2017 CDBG Fund** accounts for CDBG grant revenues and expenditures relating to public works projects.

The **FEMA Fund** accounts for the federal grant monies received from the Federal Emergency Management Association.

The **2008 CHIP Fund** accounts for CHIP grant revenues and expenditures relating to public works projects.

The **Neighborhood Stabilization Fund** accounts for grant revenues and expenditures relating to the purchase of foreclosed and abandoned properties.

The **Neighborhood Stabilization 3 Fund** accounts for grant revenues and expenditures relating to the purchase of foreclosed and abandoned properties.

The **Tax Allocation Districts Fund** accounts for special assessed property tax revenues and expenditures relating to public works projects.

CITY OF GRIFFIN, GEORGIA

NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

The **Federal Stimulus Fund** accounts for capital projects of the City funded by the Federal Stimulus Grant Funds.

The **General Capital Projects Fund** accounts for capital projects of the City funded by the general revenues of the City.

The **SPLOST Fund** accounts for capital projects of the City from resources provided by the 2009 special Spalding County 1% sales and use tax.

PERMANENT FUNDS

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting City's programs.

The **Cemetery Trust Fund** is used to account for principal trust amounts and the annual maintenance of the City's Cemetery.

The **Mausoleum Trust Fund** is used to account for principal trust amounts and the maintenance of the City's Mausoleum.

STATISTICAL SECTION

STATISTICAL SECTION

This part of the City of Griffin's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, required supplementary information, and supplementary information says about the City's overall financial health.

Contents

Page

Financial Trends	115 – 123
<i>These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.</i>	
Revenue Capacity	124 – 130
<i>These schedules contain information to help the reader assess the City's most significant local revenue sources.</i>	
Debt Capacity	131 – 135
<i>These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.</i>	
Demographic and Economic Information	136 and 137
<i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.</i>	
Operating Information	138 – 140
<i>These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.</i>	

Sources: Unless otherwise noted, the information in these schedules is derived from the City's financial reports for the relevant year.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**To the Honorable Mayor and Members
of the City Commission
Griffin, Georgia**

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Griffin, Georgia (the "City"), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City of Griffin, Georgia's basic financial statements and have issued our report thereon dated November 4, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Macon, Georgia
November 4, 2019

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

**To the Honorable Mayor and Members
of the City Commission
Griffin, Georgia**

Report on Compliance for Each Major Federal Program

We have audited the City of Griffin, Georgia's (the "City") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2019. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CITY OF GRIFFIN, GEORGIA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

NOTE 1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the City of Griffin, Georgia (the "City"), and is presented on the modified accrual basis of accounting.

The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in the schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 2. DE MINIMIS INDIRECT COST RATE

The City chose not to use the 10% de minimis cost rate for the year ended June 30, 2019.

NOTE 3. NON-CASH AWARDS

The City did not receive non-cash federal awards during the year ended June 30, 2019.
